

# **MUSLIN WHEELS - BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 8" X 20-PLY, 3/4" ARBOR**

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

## **Mainstay Of Any Polishing Room For Most Polishing Jobs**

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray"! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

## **Attributes**

- Name: [BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 8" X 20-PLY, 3/4" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032820750

# **Safety Instruction Guide for MUSLIN WHEELS BROWNELLS 8" LOOSE MUSLIN WHEEL 3/4" ARBOR**

## **Introduction**

Thank you for choosing the MUSLIN WHEELS BROWNELLS 8" LOOSE MUSLIN WHEEL 3/4" ARBOR. This product is designed for polishing and finishing metal surfaces. It is important to follow the safety instructions provided in this guide to ensure safe and effective use.

## **General Safety Guidelines**

- Always read and understand the instructions before using the product.
- Ensure that the product is suitable for your specific application.
- Regularly inspect the product for any signs of wear or damage before use.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Be aware of your surroundings while using the product to prevent accidents.

## **Specific Safety Precautions for Use**

- Use appropriate personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask when operating the polishing wheel.
- Ensure that your polishing motor is compatible with the size and type of muslin wheel you are using.
- Never exceed the recommended speed settings for the polishing motor.
- Avoid using the same wheel for different grit numbers to maintain effectiveness and safety.
- Always mark the wheel with the grit number and direction of rotation after breaking it in.
- Exercise caution to avoid rounding edges or elongating screw and pin holes during use.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Select the appropriate arbor size for your polishing motor (1/2", 5/8", 3/4", 7/8", or 1").
- Ensure the polishing motor is turned off and unplugged before installation.
- Securely attach the muslin wheel to the motor's arbor, ensuring a tight fit.

### **2. Usage:**

- Start the polishing motor at a low speed to ensure stability.
- Gradually increase the speed as needed, but do not exceed the manufacturer's recommendations.
- Apply light pressure when polishing to avoid damaging the wheel or the workpiece.
- After changing grit, use a loose muslin wheel to smooth out any grit marks.
- Always clean the work area after use to avoid accidents.

## **Disposal Instructions**

- Dispose of the muslin wheels in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal sites for textile products.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding this product, please refer to the manufacturer's contact information provided on the packaging or their official website.

Thank you for your attention to these safety instructions. Your safety is our priority.
