

# **MUSLIN WHEELS - BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 8" X 3/8" THICK, 1/2" ARBOR**

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

## **Mainstay Of Any Polishing Room For Most Polishing Jobs**

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray"! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

## **Attributes**

- Name: [BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 8" X 3/8" THICK, 1/2" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032838500
- Mfr. No.: 014
- Size: 8
- Style: Stitched
- Delivery weight: 0.113kg
- Shipping height: 8mm
- Shipping width: 191mm
- Shipping length: 196mm
- UPC: 050806003026

# **Safety Instruction Guide for MUSLIN WHEELS BROWNELLS 8" STITCHED MUSLIN WHEEL 1/2" ARBOR**

## **Introduction**

Thank you for choosing the MUSLIN WHEELS BROWNELLS 8" STITCHED MUSLIN WHEEL 1/2" ARBOR. This product is designed for polishing and cleaning metal surfaces. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## **General Safety Guidelines**

- Ensure safe use of the muslin wheels by adhering to the following guidelines:
  - Always inspect the wheels before use for any signs of damage or wear.
  - Use the wheels only for their intended purpose, which is polishing and cleaning metal surfaces.
  - Keep the work area clean and free from debris to prevent accidents.
  - Store the wheels in a dry, cool place away from direct sunlight and moisture.
  - Be aware of the potential hazards associated with polishing operations, including dust and debris.

## **Specific Safety Precautions for Use**

- Before using the muslin wheels, please observe the following precautions:
  - Always wear appropriate personal protective equipment (PPE), including safety goggles, gloves, and a dust mask.
  - Ensure that the polishing motor is securely mounted and in good working condition.
  - Do not exceed the recommended speed of the polishing motor to avoid accidents.
  - Use enough sections to make each wheel as wide as your polishing motor will handle; a minimum of three sections to each wheel is recommended.
  - Never use the same wheel for different grit numbers to maintain optimal performance and safety.
  - Mark each wheel with the grit number and direction of rotation to avoid confusion and increase wheel life.

## **Instructions for Installation and Usage**

- Follow these steps for the proper installation and use of the muslin wheels:

### **1. Installation:**

- Ensure the polishing motor is turned off and unplugged.
- Select the appropriate arbor size for your motor (1/2", 5/8", 3/4", 7/8", or 1").
- Slide the muslin wheel onto the arbor and secure it tightly.
- Doublecheck that the wheel is properly aligned and not wobbling before turning on the motor.

### **2. Usage:**

- Turn on the polishing motor and allow it to reach full speed before introducing the wheel to the workpiece.
- Apply light pressure when polishing; excessive force can damage the wheel and the workpiece.
- Use the spiral stitched wheels for initial cleaning to remove old blue, dirt, and rust.

- Switch to loose muslin wheels after each grit change to smooth out grit marks and prepare for finer grits.
- Always monitor the wheel for wear and replace it as necessary.

## Disposal Instructions

- Proper disposal of the muslin wheels is important to minimize environmental impact:
  - Dispose of used muslin wheels in accordance with local regulations regarding textile waste.
  - If the wheels are heavily contaminated with chemicals or hazardous materials, consult local disposal guidelines for hazardous waste.

## Contact Information for Further Support

- For any safety inquiries or additional support, please refer to the contact information provided by the manufacturer. Ensure you have the product details available when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience when using the MUSLIN WHEELS BROWNELLS 8" STITCHED MUSLIN WHEEL 1/2" ARBOR. Thank you for your attention to safety!
