

MUSLIN WHEELS - BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 8" X 3/8" THICK, 5/8" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Mainstay Of Any Polishing Room For Most Polishing Jobs

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray"! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

Attributes

- Name: [BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 8" X 3/8" THICK, 5/8" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032838625

Safety Instruction Guide for MUSLIN WHEELS BROWNELLS 8" STITCHED MUSLIN WHEEL 5/8" ARBOR

Introduction

Thank you for choosing the MUSLIN WHEELS BROWNELLS 8" STITCHED MUSLIN WHEEL. This product is designed for polishing metal surfaces effectively. Please read this safety instruction guide carefully to ensure safe and proper usage. This guide complies with the EU General Product Safety Regulation (GPSR) to provide you with essential safety information.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified in this guide.
- Always inspect the wheel for damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety goggles and gloves when operating the polishing wheel.
- Follow all local regulations regarding the use of polishing products and waste disposal.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from rotating parts.
- Risk of inhaling dust particles generated during use.
- Risk of burns from contact with hot surfaces.

• Avoiding Hazards:

- Do not wear loose clothing or jewelry that could become entangled in the wheel.
- Maintain a safe distance from the wheel while it is in operation.
- Ensure that the polishing motor is properly secured and stable before use.
- Always use the correct grit number for the task at hand and label wheels accordingly.
- Avoid using the same wheel for different grit numbers to prevent crosscontamination.

Instructions for Installation and Usage

1. Installation:

- Ensure the polishing motor is unplugged before installation.
- Select the appropriate arbor size for your motor (1/2", 5/8", 3/4", 7/8", or 1").
- Attach the muslin wheel securely to the motor's spindle.
- Check that the wheel is properly aligned and does not wobble.

2. Usage:

- Start the polishing motor at a low speed to ensure stability.
- Gradually increase the speed as needed for effective polishing.
- Apply moderate pressure to the wheel while polishing to avoid damage to the metal surface.
- Use loose muslin wheels to smooth out grit marks after each grit change.

- Do not exceed the recommended speed for the wheel to prevent overheating.

3. PostUsage Care:

- After use, unplug the motor and allow the wheel to come to a complete stop.
- Clean the wheel with a soft brush to remove debris.
- Store the wheel in a dry place away from direct sunlight and humidity.

Disposal Instructions

- Dispose of the muslin wheel in accordance with local waste disposal regulations.
- Do not incinerate the product as it may release harmful substances.
- If the product is damaged or no longer usable, consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective polishing experience with the MUSLIN WHEELS BROWNELLS 8" STITCHED MUSLIN WHEEL.
