

MUSLIN WHEELS - BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 10" X 3/8" THICK, 1" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Mainstay Of Any Polishing Room For Most Polishing Jobs

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray™! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

Attributes

- Name: [BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 10" X 3/8" THICK, 1" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032938001

MUSLIN WHEELS BROWNELLS 10" STITCHED MUSLIN WHEEL 1" ARBOR Safety Instruction Guide

Introduction

Thank you for choosing the Muslin Wheels Brownells 10" Stitched Muslin Wheel. This guide provides essential safety instructions to ensure safe usage and maintenance of the product. Please read this document carefully before using the Muslin Wheel to avoid any potential hazards.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always inspect the Muslin Wheel for damage before use. Do not use if the wheel shows signs of wear or damage.
- Keep the work area clean and well-lit to avoid accidents.
- Ensure that all safety equipment, including gloves and goggles, is worn while using the Muslin Wheel.
- Keep the Muslin Wheel out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- The Muslin Wheel is designed for polishing metal surfaces. Improper use may lead to injury or damage.
- Be cautious of loose threads or fraying on the wheel that may pose a risk during operation.

• Avoiding Hazards:

- Do not exceed the recommended speed of the polishing motor.
- Avoid using the same wheel for different grit numbers to prevent contamination and reduce effectiveness.
- Ensure the wheel is securely attached to the arbor before starting the motor.
- Do not apply excessive pressure while polishing to avoid damaging the workpiece or the wheel.
- Always operate the wheel in the correct direction as indicated.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate arbor size for your polishing motor: 1/2" (12.7mm), 5/8" (15.9mm), 3/4" (19mm), 7/8" (22.2mm), or 1" (25.4mm).
- Attach the Muslin Wheel securely to the arbor, ensuring it is tightened to prevent slippage during operation.
- Check that the wheel is aligned properly with the motor before use.

2. Usage:

- Begin with a clean and dry workpiece.
- For the Spiral Stitched wheel, use No. 140 PolishORay for initial cleaning. This will help remove old

- blue, dirt, and rust.
- For the Loose Muslin, use it after changing grit to smooth out grit marks.
- Use enough sections to make each wheel as wide as your polishing motor can handle, with a minimum of three sections.
- After breaking in the wheel, mark it with the grit number and direction of rotation for future reference.

Disposal Instructions

- Dispose of used Muslin Wheels in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is deemed hazardous.
- Consider recycling options for the materials if applicable.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the Muslin Wheels, please reach out to your local distributor or refer to the product packaging for additional support resources.

By following these safety instructions, you can ensure a safe and effective experience while using the Muslin Wheels Brownells 10" Stitched Muslin Wheel. Thank you for your attention to safety!
