

# COLT SINGLE ACTION HAMMER SPRING SPACER - HAMMER SPRING SPACERS FOR COLT SINGLE ACTION, 6 PACK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Hammer Parts](#) > [Hammer Spacers](#)

## Drop-In, Reduced Trigger Pull

Traditional method of reducing the trigger pull on Colt Single Actions. Spacer slips between mainspring and frame, changes the spring geometry to reduce tension on the hammer. Neoprene rubber spacer is more durable than leather and won't absorb and hold moisture. Safer and easier than filing or stoning the spring. Easily shaped for a precise fit in all Colt SAA and clones.

## Attributes

# COLT SINGLE ACTION HAMMER SPRING SPACER SAFETY INSTRUCTIONS

## Introduction

Thank you for purchasing the Colt Single Action Hammer Spring Spacer. This product is designed to enhance the performance of your Colt Single Action Army and its clones by reducing the trigger pull. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle firearms responsibly and in compliance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before use.
- If you experience any difficulties during installation or use, seek professional assistance.

## Specific Safety Precautions for Use

- Do not exceed the recommended specifications during installation.
- Ensure that the firearm is unloaded before attempting installation or maintenance.
- Avoid using excessive force when installing the spacer to prevent damage to the firearm or the product.
- Do not modify the spacer or firearm in any way that could compromise safety.
- If you notice any unusual behavior in your firearm after installation, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your Colt Single Action Army or clone is unloaded.
- Gather the necessary tools, including a screwdriver and any other tools specified by the firearm's manufacturer.

### 2. Installation

- Carefully remove the mainspring from the frame of the firearm.
- Identify the correct position for the hammer spring spacer; it should fit snugly between the mainspring and the frame.
- Gently insert the neoprene rubber spacer into the designated area, ensuring it is properly aligned.
- Reattach the mainspring to the frame, ensuring that it is secure and properly positioned.

### 3. PostInstallation Check

- After installation, check the trigger pull to ensure it has been reduced as intended.
- Perform a function check of the firearm to ensure it operates correctly.

### 4. Usage

- Use the firearm in a safe and controlled environment.
- Always follow proper firearm safety practices, including keeping the muzzle pointed in a safe direction and keeping your finger off the trigger until ready to shoot.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, consider recycling options for neoprene materials.

## Contact Information for Further Support

For any questions or concerns regarding the Colt Single Action Hammer Spring Spacer, please refer to the manufacturer's website or contact their customer service team directly. Ensure you have your purchase information available for reference.

## Conclusion

By following these safety instructions, you can ensure the safe and effective use of your Colt Single Action Hammer Spring Spacer. Always prioritize safety and seek professional assistance if needed. Thank you for choosing our product, and enjoy your enhanced shooting experience.
