

HAMMER/SEAR BLOCK PINS - BROWNELLS RUGER® NEW MODEL SA REVOLVER® HAMMER PIN

[Rifle Parts](#) > [Triggers Parts](#) > [Hammer Parts](#) > [Hammer Pins](#)

Allows Visual Inspection Of Hammer & Sear Engagement

For use with the Brownells Hammer/Sear Block, the machined steel block allows you to mate the hammer and sear (or trigger) outside of the firearm for a clear, unobstructed view of the critical point of engagement. These hammer and sear pins are sized for various handguns and rifles. Allen screw locks the pin setting so hammer and sear can be dropped in place relative to their actual position in the firearm. Great for cutting the engagement surfaces on new parts or fine-tuning the factory ones. Pins are individually numbered for proper identification.

Attributes

- Name: [BROWNELLS RUGER® NEW MODEL SA REVOLVER® HAMMER PIN](#)
- Manufacturer: [BROWNELLS](#)

Safety Instruction Guide for HAMMER/SEAR BLOCK PINS BROWNELLS RUGER® NEW MODEL SA REVOLVER® HAMMER PIN

Introduction

Thank you for choosing the HAMMER/SEAR BLOCK PINS from Brownells. This product is designed to assist in the safe and effective engagement of the hammer and sear in various handguns and rifles. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow all instructions carefully.

General Safety Guidelines

- Ensure that the product is used in accordance with all local laws and regulations.
- Always handle firearms and firearm components with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product for any signs of damage or wear before use.
- Use the product only for its intended purpose.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before using the hammer/sear block pins.
- Do not attempt to modify or alter the pins in any way.
- Use appropriate personal protective equipment (PPE), such as safety glasses, when working with firearm components.
- Avoid distractions while using the product to maintain focus on the task at hand.
- Ensure that the workspace is clean and free from clutter to prevent accidents.
- Follow all manufacturer instructions for the specific firearm model you are working with.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is completely unloaded.
- Gather all necessary tools and components, including the Brownells Hammer/Sear Block and the hammer/sear block pins.

2. Installation

- Align the hammer and sear (or trigger) outside of the firearm using the Hammer/Sear Block.
- Insert the appropriate hammer/sear block pin into the designated holes of the block.
- Use the Allen screw to secure the pin in place, ensuring that it is locked relative to its actual position in the firearm.

3. Usage

- Once the hammer and sear are properly mated, inspect the engagement surfaces for any irregularities.
- If necessary, use the pins for finetuning the factory parts or cutting the engagement surfaces on new components.

- Always doublecheck the alignment and security of the pins before reassembling the firearm.

Disposal Instructions

- Dispose of any damaged or worn pins in accordance with local regulations.
- Do not discard the product in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For additional support or inquiries regarding the HAMMER/SEAR BLOCK PINS, please consult the manufacturer's website or contact their customer service. Always ensure that you have the product information on hand when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with the HAMMER/SEAR BLOCK PINS. Thank you for prioritizing safety in your firearm activities.
