

# HAMMER/SEAR BLOCK PINS - RUGER® NEW MODEL SA REVOLVER® SEAR PIN

[Rifle Parts](#) > [Triggers Parts](#) > [Hammer Parts](#) > [Hammer Pins](#)

## Allows Visual Inspection Of Hammer & Sear Engagement

For use with the Brownells Hammer/Sear Block, the machined steel block allows you to mate the hammer and sear (or trigger) outside of the firearm for a clear, unobstructed view of the critical point of engagement. These hammer and sear pins are sized for various handguns and rifles. Allen screw locks the pin setting so hammer and sear can be dropped in place relative to their actual position in the firearm. Great for cutting the engagement surfaces on new parts or fine-tuning the factory ones. Pins are individually numbered for proper identification.

## Attributes

- Name: [RUGER® NEW MODEL SA REVOLVER® SEAR PIN](#)

# Safety Instruction Guide for HAMMER/SEAR BLOCK PINS RUGER® NEW MODEL SA REVOLVER® SEAR PIN

## Introduction

Thank you for choosing the HAMMER/SEAR BLOCK PINS RUGER® NEW MODEL SA REVOLVER® SEAR PIN. This product is designed to assist in the safe and effective assembly of hammer and sear components in firearms. To ensure your safety and the proper functioning of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always handle firearms and firearm components with care and in accordance with local laws and regulations.
- Ensure that the firearm is unloaded before using this product.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the HAMMER/SEAR BLOCK PINS only for their intended purpose as described in this guide.
- Ensure that the hammer and sear are properly aligned before securing them in place.
- Do not force components into place; if they do not fit, check for obstructions or misalignment.
- Always wear appropriate personal protective equipment, including safety glasses, when working with firearms.
- If you are unfamiliar with firearm assembly or disassembly, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and the workspace is clean and organized.
- Gather all necessary tools, including the HAMMER/SEAR BLOCK PINS and an Allen wrench.

### 2. Using the HAMMER/SEAR BLOCK:

- Place the machined steel block on a stable surface.
- Insert the hammer into the block, ensuring it is seated correctly.
- Align the sear (or trigger) with the hammer in the block for a clear view of the engagement point.

### 3. Securing the Pins:

- Select the appropriate HAMMER/SEAR BLOCK PIN based on the model and size of your firearm.
- Insert the pin through the hammer and sear assembly.
- Use the Allen screw to lock the pin in place, ensuring it is secure but not overtightened.

### 4. Final Checks:

- Check the alignment of the hammer and sear to ensure proper engagement.
- Carefully remove the assembly from the block and proceed with installation in the firearm.

## **Disposal Instructions**

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or further information regarding this product, please consult the manufacturer's website or your local authorized dealer. Always ensure that you have the most current safety information and product updates.

By following these guidelines, you can ensure a safe and effective experience with the HAMMER/SEAR BLOCK PINS RUGER® NEW MODEL SA REVOLVER® SEAR PIN. Thank you for your attention to safety.
