

AR-15/M16 BUFFER TUBE ASSEMBLY - BROWNELLS COMMERCIAL BUFFER TUBE ASSEMBLY

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tubes](#)

Convenient kit contains all the components needed to mount the buttstock of your choice on an AR-15 rifle or carbine. Perfect for stock conversions such as altering a rifle to accept a collapsible carbine stock. All parts are manufactured from the highest quality materials and held to strict dimensional tolerances for proper fit and function. Commercial carbine kit comes with 1.168" O.D., six-position receiver extension for use with commercial or "universal" buttstocks. Mil-Spec kit has a 1.148" O.D., six-position receiver extension for correct fit of military M4 carbine buttstocks. M4 buttstocks and clones will not fit Commercial tubes.

Safety Instruction Guide for AR15/M16 Buffer Tube Assembly

Introduction

Thank you for choosing the AR15/M16 Buffer Tube Assembly by Brownells. This product is designed to allow you to mount the buttstock of your choice on an AR15 rifle or carbine. To ensure safe use and optimal performance, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that all components are compatible with your firearm model.
- Always handle firearms as if they are loaded.
- Store the buffer tube assembly in a safe, dry place when not in use.
- Regularly inspect all parts for wear or damage before installation and use.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the buffer tube assembly with compatible stocks. M4 buttstocks and clones will not fit Commercial tubes.
- Ensure that the assembly is securely attached before using the firearm.
- Do not exceed the manufacturer's recommended specifications for the buffer tube assembly.
- Avoid using damaged or worn components, as they may compromise safety.
- Always wear appropriate safety gear, including eye protection, when handling firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Remove the existing buffer tube, if applicable.
- Attach the receiver extension (buffer tube) to the lower receiver.
- Ensure the receiver extension is aligned correctly and securely fastened.
- Install the recoil buffer, spring, lock ring, and receiver plate as per the manufacturer's specifications.
- If using an A2 stock spacer, ensure it is properly installed.

3. Final Checks:

- Check that all components are securely fastened.
- Perform a function check to ensure proper operation before using the firearm.

4. Usage:

- Always follow safe handling practices when using the firearm.
- Be aware of your surroundings and ensure a safe shooting environment.

Disposal Instructions

- Dispose of the buffer tube assembly and its components in accordance with local regulations.
- Do not dispose of any parts in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the AR15/M16 Buffer Tube Assembly, please reach out to the appropriate support channels. Ensure you have your product details and any relevant information ready for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your AR15/M16 Buffer Tube Assembly. Always prioritize safety and stay informed about best practices in firearm handling and maintenance. Thank you for your attention to these important guidelines.
