## **Shouldered Beads Screw To The Right Height Every Time; Popular Sizes In Brass & Stainless Steel**

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

# SHOTGUN SIGHT BEAD KIT "C" WITH SHOULDERS BROWNELLS SHOTGUN SIGHT BEAD #11 REFILL SIGHT Safety Instructions Guide

## Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This kit is designed for gunsmiths and sporting goods store owners to provide efficient and highquality sight installations. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- **Product Safety:** This product is designed to be safe for use when handled and installed correctly. Always follow the instructions provided.
- **Enhanced Recalls:** In the unlikely event of a safety issue, recall notices will be provided. Please stay informed about any recalls through the appropriate channels.
- **Online Shopping:** When purchasing this product online, ensure that the seller complies with EU safety regulations.
- **Special Consumer Focus:** Extra care should be taken when using this product around children. Ensure that all components are kept out of reach.
- **EU Contact Point:** For any safety inquiries, ensure you have access to the necessary contact information for support.
- **Rapid Alerts:** Stay updated on any product safety alerts via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the installation and usage instructions before attempting to use the product.
- **Inspect Before Use:** Check all sight beads and components for any visible damage or defects before installation.
- **Use Appropriate Tools:** Ensure that you use the correct tools for installation to avoid accidents or damage to the product.
- **Avoid Modifications:** Do not modify the sight beads or any part of the kit. Alterations can compromise safety and performance.
- **Keep Away from Children:** Store the kit in a safe place away from children to prevent accidental use or ingestion of small parts.
- **Wear Safety Gear:** Use appropriate safety gear, such as eye protection, when installing the sights to protect against debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a screwdriver and any other tools specified in the product instructions.
- Ensure your work area is clean and welllit.

### 2. Installation Steps:

- Identify the desired location on the shotgun where the sight bead will be installed.
- Remove any existing sight bead if applicable, following the manufacturer's instructions.
- Select the appropriate sight bead from the kit, considering size and color preferences.

- Align the skirted shoulder of the sight bead with the barrel of the shotgun. Ensure it is positioned correctly.
- Gently press the sight bead into place until the skirted shoulder makes contact with the barrel, providing a positive stop.
- Verify that the sight bead is securely installed and at the correct height.

### 3. Final Checks:

- After installation, doublecheck that the sight bead is secure and properly aligned.
- Clean any excess debris from the installation area.

## Disposal Instructions

- **Disposal of Product:** When the sight bead kit is no longer in use or has reached the end of its life, dispose of it in accordance with local waste management regulations.
- **Recycling:** If possible, separate materials for recycling, such as plastic and metal components, to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the use of the Brownells Shotgun Sight Bead Kit "C", please refer to the contact information provided with your product packaging or visit the manufacturer's website for further assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Brownells Shotgun Sight Bead Kit "C". Thank you for your attention to safety, and enjoy your product!
