## **Shouldered Beads Screw To The Right Height Every Time; Popular Sizes In Brass & Stainless Steel**

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

# Safety Instruction Guide for SHOTGUN SIGHT BEAD KIT "C"

## Introduction

Thank you for choosing the Brownells Shotgun Sight Kit "C." This kit is designed to enhance your shotgun's performance and ensure a smooth installation process. To ensure your safety and the effective use of this product, please read the following safety instructions carefully.

## General Safety Guidelines

- Ensure that this product is used for its intended purpose only.
- Always wear appropriate safety gear, such as eye protection, when handling and installing the sight beads.
- Keep all components out of reach of children and vulnerable individuals.
- Be aware of your surroundings while working with firearms and ensure that the area is safe and secure.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- **Avoid Improper Installation:** Ensure that the sight bead is installed correctly to prevent accidents or malfunctions.
- **Handle with Care:** The sight beads are made of brass and stainless steel; handle them carefully to avoid damage.
- **Check Compatibility:** Ensure that the sight beads are compatible with your specific shotgun model.
- **Inspect Before Use:** Always inspect the sight bead for any signs of damage or wear before installation.
- **Follow Manufacturer Instructions:** Adhere strictly to the installation instructions provided in this guide.

## Instructions for Installation and Usage

### 1. Gather Your Tools:

- Ensure you have the necessary tools for installation, including a screwdriver and any other recommended tools.

### 2. Choose the Right Bead:

- Select the appropriate bead size and style (Gold or White) based on your preference and the requirements of your shotgun.

### 3. Prepare the Shotgun:

- Ensure your shotgun is unloaded and pointed in a safe direction before beginning the installation process.

### 4. Installation Steps:

- Remove the old sight bead if applicable.
- Clean the area where the new sight bead will be installed to ensure a secure fit.
- Align the skirted shoulder of the sight bead with the barrel of the shotgun.
- Gently press the bead into place until the skirted shoulder reaches the barrel, providing a positive

- stop.
- Ensure the sight bead is secure and at the correct height.

#### **5. Final Inspection:**

- After installation, doublecheck that the sight bead is firmly in place and correctly aligned.
- Test the shotgun to ensure that the sight bead functions properly.

## **Disposal Instructions**

- Dispose of any unused or damaged sight beads responsibly. Follow local regulations for the disposal of metal products.
- Do not dispose of the product in regular household waste. Instead, take it to a designated recycling center if available.

## **Contact Information for Further Support**

For any inquiries regarding product safety or installation assistance, please refer to the contact information provided with your product packaging or visit the manufacturer's website for more details.

Thank you for prioritizing safety while using the Brownells Shotgun Sight Kit "C." Enjoy your enhanced shooting experience!
