

HARD FIT CURL SCRAPERS - STRAIGHT 1/2" CURL SCRAPER

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Stock Making Hand Tools](#) > [Wood Scrapers](#)

For That Final, "Like It Grew There" Fit

Made to remove the tiniest possible curl of wood to get that exact fit that separates "Pros" from "duds". Handles are placed at right angles to the cutting edge; you get complete control of the edge and almost no tendency to follow wood grain, gouge or dig in. Made of best quality tempered tool steel, with enough heft to eliminate any "flexing". Shaped for positive fingertip control of blade thru full stroke. Finger clearance under the handle for tight places. Available in 2 styles - 3 blade widths. Sizes small enough for trigger hole; big enough for barrel channel. Flat ones perfect for fitting floor plates, tangs, magazines. Not intended to rough out barrel channel, so don't bear down. Just draw toward you across work. Makes the most beautiful curls and dust; yet won't work-harden wood as do rasps, or leave grit to ruin tool edges as does sandpaper. Without a doubt, the best tool ever designed for the fine, controlled removal of the inletting black and that "whisker" of wood underneath!

HARD FIT CURL SCRAPERS STRAIGHT 1/2" CURL SCRAPER Safety Instructions

Introduction

Thank you for choosing the HARD FIT CURL SCRAPERS STRAIGHT 1/2" CURL SCRAPER. This tool is designed to help you achieve precise and controlled wood removal, ensuring that your woodworking projects are completed to the highest standards. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use to ensure it is in good working condition.
- Do not use the tool for any purpose other than its intended use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Be aware of your surroundings and ensure that no one is in your immediate vicinity while using the tool.

Specific Safety Precautions for Use

- Ensure that the workpiece is securely clamped or held in place before using the scraper.
- Avoid excessive force; let the tool do the work to prevent injury and damage to the wood.
- Use the scraper with a steady motion, pulling it towards you for better control.
- Keep your fingers clear of the cutting edge at all times to avoid cuts and injuries.
- Do not attempt to remove large amounts of material in one pass; make several lighter passes for better results.
- Avoid using the scraper on wet or damp wood to prevent slipping and injury.
- If you notice any signs of damage or wear on the tool, discontinue use immediately and contact the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure the work area is clean, welllit, and free of obstructions.
- Gather all necessary materials and tools, including clamps and PPE.

2. Using the Scraper:

- Hold the scraper firmly by the handle, ensuring your grip is secure.
- Position the cutting edge against the wood at a slight angle.
- Pull the scraper towards you in a controlled manner, allowing the blade to cut through the wood without forcing it.
- Repeat as necessary until the desired fit is achieved.

3. After Use:

- Clean the scraper after each use to remove any wood shavings or debris.
- Store the scraper in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or wornout scrapers in accordance with local regulations.
- Do not dispose of the scraper in regular household waste if it is still functional; consider donating it or recycling it if possible.

Contact Information for Further Support

For any inquiries regarding the safety and use of the HARD FIT CURL SCRAPERS STRAIGHT 1/2" CURL SCRAPER, please refer to the manufacturer's contact information provided on the packaging or the official website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the HARD FIT CURL SCRAPERS STRAIGHT 1/2" CURL SCRAPER. Always prioritize safety and proper usage to achieve the best results in your woodworking projects. Thank you for your attention to these guidelines.
