

BOLT LAPPING TOOLS - BROWNELLS GARAND THREADED SLEEVE & LAPPING HANDLE

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Bolt Lapping Tools](#)

Interchangeable Design Gives Constant Spring Pressure For Precise Mating Of Locking Lug Recesses

Spring-loaded tool gives constant, straight-back pressure to keep bolt lugs square against the receiver while lapping with 600 to 800 grit, silicon carbide abrasive. Provides better results than mere thumb pressure. Interchangeable threaded sleeves fit popular actions listed below.

Attributes

Safety Instruction Guide for BOLT LAPPING TOOLS BROWNELLS GARAND THREADED SLEEVE & LAPPING HANDLE

Introduction

Thank you for purchasing the BOLT LAPPING TOOLS BROWNELLS GARAND THREADED SLEEVE & LAPPING HANDLE. This guide provides essential safety instructions and usage information to ensure your safety and the effective operation of the product. Please read this guide carefully before using the tool.

General Safety Guidelines

- Ensure that you are familiar with the tool and its components before use.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the tool.
- Keep the work area clean and welllit to prevent accidents.
- Store the tool in a safe place out of reach of children and vulnerable individuals.
- Do not use the tool for purposes other than those specified in this guide.
- Regularly inspect the tool for any signs of wear or damage before each use.

Specific Safety Precautions for Use

- Ensure that the tool is securely fastened to the bolt before applying pressure.
- Use only the recommended grit (600 to 800) silicon carbide abrasive for lapping.
- Avoid excessive force; the springloaded mechanism is designed to provide constant pressure.
- Do not attempt to modify or disassemble the tool.
- If you experience any discomfort or unusual resistance while using the tool, stop immediately and inspect it for issues.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary components, including the bolt tool body, plunger, and the correct size sleeve for your model.
- Ensure the work area is clean and wellorganized.

2. Installation:

- Select the appropriate threaded sleeve based on your action type (e.g., M14/M1A, Mauser Large/Small, Savage Small/Large).
- Attach the sleeve to the bolt tool body by threading it securely.
- Insert the plunger into the tool body and ensure it is properly seated.

3. Usage:

- Place the bolt lugs squarely against the receiver.
- Apply steady, even pressure while lapping to achieve optimal results.
- After lapping, clean the tool and components thoroughly to remove any abrasive residue.

4. PostUse:

- Store the tool in a dry, safe location.
- Regularly check the tool for any signs of wear or damage and replace parts as necessary.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the BOLT LAPPING TOOLS BROWNELLS GARAND THREADED SLEEVE & LAPPING HANDLE, please refer to the EU contact point provided with your product packaging.

Thank you for prioritizing safety and adhering to these guidelines. Your careful use of the BOLT LAPPING TOOLS will enhance its performance and ensure a safer working environment.
