## State-Of-The-Art Screwdriver Sets & Bits For The Gun Shop or Workshop

**BROWNELLS STANDARD MAGNA-TIP SETS** The Brownells Standard Magna-Tip® Sets are meticulously designed to meet the diverse needs of gunsmiths and firearm enthusiasts, offering a comprehensive selection of interchangeable bits and handles for precise firearm maintenance and assembly. **Key Features:** **Comprehensive Bit Selection:** Each set includes eleven bits for slotted screws, #1, #2, and #3 Phillips bits, plus ten hex bits for socket head screws, ensuring versatility across various firearm applications. **True Hollow-Ground Bits:** The Magna-Tip® bits feature true hollow-ground tips that transmit torque evenly and smoothly up the shank, providing complete metal-to-metal contact with the screw slot. This design allows maximum power to be exerted without damaging the screw. **Durable Construction:** Manufactured from high-quality materials, these bits are built to withstand rigorous use, ensuring long-lasting performance. **Ergonomic Handle Design:** The handle is made from shockproof plastic with grooved flutes for a positive grip, allowing for comfortable and controlled use during firearm maintenance tasks. **Shockproof plastic with grooved flutes** **Specifications:** #1 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. Includes the box and tray for organized storage and easy access. #2 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. #3 Standard Kit Includes the Magna-Tip handle of your choice. 11 slotted bits. Included the box and tray for organized storage and easy access. **Customer Insights:** Our customers appreciate the Brownells Standard Magna-Tip® Sets for their versatility and precision. The comprehensive selection of bits allows Customers to tackle a wide range of firearm maintenance tasks with confidence. The true hollow-ground design ensures a secure fit in screw slots, minimizing the risk of damage during use. The durable construction and ergonomic handle design contribute to a comfortable and reliable user experience, making these sets a valuable addition to any gunsmith's toolkit. Incorporating the Brownells Standard Magna-Tip® Set into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

# Brownells Standard MagnaTip® Sets Safety Instructions

## Introduction

Thank you for choosing the Brownells Standard MagnaTip® Sets. These tools are designed for precision firearm maintenance and assembly. To ensure your safety and the optimal performance of the product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the tools as intended and according to the instructions provided.
- Keep the tools out of reach of children and pets.
- Inspect the tools for any damage before use. Do not use damaged tools.
- Store tools in a dry, secure place to prevent accidents.
- Be aware of your surroundings while using the tools to avoid injury.
- Do not use the tools in wet or damp conditions.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**

- Always wear safety glasses to protect your eyes from debris.
- Use gloves to enhance grip and protect your hands from sharp edges.

- **Handling Tools:**

- Always hold the handle firmly while using the bits to maintain control.
- Avoid excessive force when using the tools to prevent slipping or breaking.
- Do not use the bits on screws that are rusted or stripped, as this may cause injury or damage.

- **Bit Selection:**

- Ensure you are using the correct bit size for the screw to prevent damage.
- Do not mix bits from different sets, as compatibility may vary.

- **Torque Application:**

- Apply torque gradually and evenly to avoid damaging the screw or the bit.
- Never use the tools for applications they are not designed for.

## Instructions for Installation and Usage

1. **Selecting the Right Bit:**

- Choose the appropriate bit for your task from the set. Ensure it fits securely into the handle.

2. **Attaching the Bit:**

- Insert the selected bit into the MagnaTip handle until it clicks into place.

3. **Using the Tool:**

- Position the bit securely in the screw slot.
- Turn the handle clockwise to tighten or counterclockwise to loosen.
- Maintain a steady grip and apply even pressure.

#### **4. Cleaning and Maintenance:**

- After use, clean the bits and handle with a dry cloth.
- Store the tools in the provided box and tray to keep them organized.

## **Disposal Instructions**

- Dispose of any damaged or unusable bits and handles in accordance with local regulations.
- Do not dispose of tools in household waste. Check for local recycling or hazardous waste programs.

## **Contact Information for Further Support**

For additional support or safety inquiries, please contact the designated EUbased support center. Ensure you have the product details available for reference.

By following these safety instructions, you can ensure a safe and effective experience with your Brownells Standard MagnaTip® Sets. Thank you for your attention to safety!
