## State-Of-The-Art Screwdriver Sets & Bits For The Gun Shop or Workshop

**BROWNELLS STANDARD MAGNA-TIP SETS** The Brownells Standard Magna-Tip® Sets are meticulously designed to meet the diverse needs of gunsmiths and firearm enthusiasts, offering a comprehensive selection of interchangeable bits and handles for precise firearm maintenance and assembly. **Key Features:** **Comprehensive Bit Selection:** Each set includes eleven bits for slotted screws, #1, #2, and #3 Phillips bits, plus ten hex bits for socket head screws, ensuring versatility across various firearm applications. **True Hollow-Ground Bits:** The Magna-Tip® bits feature true hollow-ground tips that transmit torque evenly and smoothly up the shank, providing complete metal-to-metal contact with the screw slot. This design allows maximum power to be exerted without damaging the screw. **Durable Construction:** Manufactured from high-quality materials, these bits are built to withstand rigorous use, ensuring long-lasting performance. **Ergonomic Handle Design:** The handle is made from shockproof plastic with grooved flutes for a positive grip, allowing for comfortable and controlled use during firearm maintenance tasks. **Shockproof plastic with grooved flutes** **Specifications:** #1 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. Includes the box and tray for organized storage and easy access. #2 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. #3 Standard Kit Includes the Magna-Tip handle of your choice. 11 slotted bits. Included the box and tray for organized storage and easy access. **Customer Insights:** Our customers appreciate the Brownells Standard Magna-Tip® Sets for their versatility and precision. The comprehensive selection of bits allows Customers to tackle a wide range of firearm maintenance tasks with confidence. The true hollow-ground design ensures a secure fit in screw slots, minimizing the risk of damage during use. The durable construction and ergonomic handle design contribute to a comfortable and reliable user experience, making these sets a valuable addition to any gunsmith's toolkit. Incorporating the Brownells Standard Magna-Tip® Set into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

# Safety Instruction Guide for Brownells Standard MagnaTip® Sets

## Introduction

Thank you for choosing the Brownells Standard MagnaTip® Sets. This guide provides essential safety instructions to ensure the safe use and maintenance of your tools. Please read this manual carefully before using the product to maximize safety and effectiveness.

## General Safety Guidelines

- Always follow the instructions provided in this guide to avoid accidents and injuries.
- Keep the tools out of reach of children and vulnerable individuals.
- Inspect the tools before each use to ensure they are in good working condition.
- Use the tools only for their intended purpose, as described in this manual.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that you are using the correct bit for the specific screw type to avoid stripping or damaging screws.
- Always maintain a firm grip on the handle while using the tools to prevent slipping.
- Avoid applying excessive force when using the bits to prevent breakage or injury.
- Use safety glasses to protect your eyes from debris while working on firearms.
- Do not use the tools in wet or damp conditions to prevent electrical hazards.
- Store the tools in a dry place and ensure they are properly organized to avoid accidents.

## Instructions for Installation and Usage

### 1. Selecting the Right Bit:

- Choose the appropriate bit from the set based on the type of screw you are working with.
- Ensure that the bit is clean and free from any debris.

### 2. Attaching the Bit:

- Insert the chosen bit into the MagnaTip handle until it clicks into place.
- Ensure the bit is securely attached before use.

### 3. Using the Tool:

- Hold the handle firmly and align the bit with the screw slot.
- Turn the handle gently to engage the screw. Apply steady pressure without forcing the tool.
- If resistance is met, reassess the fit of the bit and check for any debris.

### 4. Removing the Bit:

- To remove the bit, press the release mechanism on the handle and pull the bit out gently.
- Store the bit in the provided box or tray for easy access and organization.

## Disposal Instructions

- Dispose of any worn or broken bits in accordance with local regulations for hazardous materials.
- Do not dispose of the tools in household waste. Instead, check for local recycling programs that accept metal tools.
- Ensure that all packaging materials are disposed of responsibly.

## Contact Information for Further Support

For any inquiries regarding the Brownells Standard MagnaTip® Sets or for assistance, please reach out to the designated contact point provided on the product packaging or visit the official website.

By adhering to these safety instructions, you can ensure a safe and effective experience while using the Brownells Standard MagnaTip® Sets. Thank you for your attention to these guidelines, and enjoy your tools responsibly!
