**BROWNELLS MAGNA-TIP SUPER SET BITS** The Brownells Magna-Tip Super Set Bits are meticulously crafted for gunsmiths and firearm enthusiasts who demand precision and reliability in their tools. Each bit is made from hardened steel and features a hollow-ground design, ensuring a perfect fit in slotted screws and maximizing torque application. This design is particularly effective for loosening seized screws without causing damage. Key Features: Hardened Steel Construction: Provides exceptional durability and longevity, suitable for rigorous use in firearm maintenance. Hollow-Ground Design: Ensures a precise fit in slotted screws, allowing for maximum torque application and reducing the risk of cam-out or screw damage. Versatile Compatibility: Designed to work seamlessly with Brownells Magna-Tip handles, offering flexibility and ease of use across various firearm applications. Specifications: Bit Sizes: Available in various sizes to accommodate a wide range of screw slot dimensions. Material: Hardened steel with a hollow-ground tip. Customer Insights: Our customers highly value the Brownells Magna-Tip Super Set Bits for their precision and durability. The hollow-ground design provides a secure fit in screw slots, preventing slippage and potential damage during firearm maintenance. The compatibility with Magna-Tip handles enhances versatility, making these bits a staple in many gunsmiths' toolkits. Incorporating the Brownells Magna-Tip Super Set Bits into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

# Safety Instruction Guide for MAGNATIP SUPER SET BITS

## Introduction

Thank you for choosing the MAGNATIP SUPER SET BITS from BROWNELLS. This product is designed to provide you with effective tools for removing slotted grip screws, specifically for the Brownells 1911 Auto and Ruger MkI/MkII grip screws. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the MAGNATIP SUPER SET BITS as intended. Misuse may lead to injury or damage.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the bits for any signs of damage or wear before use. Do not use damaged bits.
- Ensure that your work area is clean, welllit, and free from distractions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses to protect your eyes from debris.
- Follow all local regulations and guidelines regarding the use of tools and equipment.

## Specific Safety Precautions for Use

- Use the correct bit size for the screw you are working on to avoid stripping or damaging the screw.
- Do not apply excessive force when using the bits. If you encounter resistance, reassess the fit and condition of both the screw and the bit.
- Ensure that the MagnaTip screwdriver is securely attached to the bit before use.
- Avoid using the bits for tasks they are not designed for, such as prying or hammering.
- Store the bits in a safe and dry place when not in use to prevent rust and damage.

## Instructions for Installation and Usage

### 1. Selecting the Correct Bit:

- Identify the size of the screw you need to remove. For the MAGNATIP SUPER SET BITS, use the #3606 bit for screws with a blade diameter of .360 inches and a blade thickness of .050 inches.

### 2. Attaching the Bit:

- Insert the selected bit into the MagnaTip screwdriver. Ensure it is securely fastened.

### 3. Removing the Screw:

- Position the screwdriver with the attached bit over the screw.
- Turn the screwdriver counterclockwise to loosen and remove the screw. If the screw is tight, apply gentle, steady pressure rather than excessive force.

### 4. After Use:

- Clean the bits and screwdriver after use to remove any debris or residue.
- Store the bits in their designated case to prevent loss and damage.

## **Disposal Instructions**

- Dispose of any damaged or unusable bits in accordance with local waste disposal regulations.
- Do not dispose of the bits in regular household waste if they are sharp or could pose a safety hazard. Instead, consider recycling options where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the MAGNATIP SUPER SET BITS, please refer to the manufacturer's contact information provided with the product packaging or visit the official BROWNELLS website for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience while using the MAGNATIP SUPER SET BITS. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
