Safety Instruction Guide for PHILLIPS "ANTICAM" FIXEDBLADE SCREWDRIVERS

Introduction

Thank you for choosing the PHILLIPS "ANTICAM" FIXEDBLADE SCREWDRIVERS. This guide provides essential safety instructions and information to ensure the safe use of the product. Please read this guide thoroughly before using the screwdrivers.

General Safety Guidelines

- Ensure that the screwdrivers are used only for their intended purpose.
- Always inspect the screwdrivers for any damage or wear before use.
- Keep the screwdrivers out of reach of children and vulnerable individuals.
- Use the screwdrivers in a welllit area to avoid accidents.
- Store the screwdrivers in a safe place when not in use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear safety goggles to protect your eyes from debris.
- Use the correct size screwdriver for the screws you are working with to avoid slipping and damaging the screw or the screwdriver.
- Do not use excessive force when turning the screwdriver; if the screw is stuck, consider using a penetrating oil.
- Avoid using the screwdriver on live electrical circuits or components.
- Do not modify the screwdrivers in any way, as this may compromise their safety and effectiveness.
- Be cautious of sharp edges on the blade and handle during use.

Instructions for Installation and Usage

1. Choosing the Right Size:

- Select the appropriate Phillips screwdriver size (#1, #2, or #3) based on the screw you are working with.

2. Using the Screwdriver:

- Grip the handle firmly, ensuring a comfortable and secure hold.
- Align the blade with the screw head, ensuring a proper fit.
- Turn the screwdriver clockwise to tighten the screw and counterclockwise to loosen it.
- If additional leverage is needed, use a wrench on the hex section at the base of the shank.

3. PostUse Care:

- Clean the screwdrivers after use to remove any dirt or debris.
- Inspect the screwdrivers for any signs of damage or wear.
- Store the screwdrivers in a dry place to prevent rusting.

Disposal Instructions

- Dispose of the screwdrivers in accordance with local regulations.
- If the screwdrivers are damaged or no longer usable, consider recycling them if possible.

- Do not throw the screwdrivers in regular household waste, as they may pose a hazard.
