Safety Instruction Guide for PHILLIPS "ANTICAM" FIXEDBLADE SCREWDRIVERS

Introduction

Thank you for choosing the PHILLIPS "ANTICAM" FIXEDBLADE SCREWDRIVERS from Brownells. This guide provides essential safety instructions to ensure safe and effective use of your screwdriver. Please read this manual carefully before use.

General Safety Guidelines

- Always use the screwdriver for its intended purpose.
- Inspect the screwdriver for any damage before each use. Do not use if damaged.
- Keep the screwdriver out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE), such as safety goggles, when necessary.
- Store the screwdriver in a dry and secure place when not in use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure the screwdriver is compatible with the screw size before use.
- Use the anticam feature to prevent slipping and ensure secure engagement with the screw.
- Apply even pressure while turning the screwdriver to avoid stripping the screw head.
- Do not apply excessive force; if resistance is met, reassess the screw condition and compatibility.
- Avoid using the screwdriver in wet or slippery conditions to maintain grip and control.
- Keep hands clear of the blade and screw head during operation to prevent injury.

Instructions for Installation and Usage

1. Selecting the Right Size:

- Choose the appropriate screwdriver size for the Phillips screw you are working with (#1, #2, or #3).

2. Using the Screwdriver:

- Insert the blade into the screw head, ensuring it fits snugly.
- Rotate the handle clockwise to tighten or counterclockwise to loosen the screw.
- If using a wrench, attach it to the hex section at the base of the shank for additional leverage.
- Maintain a firm grip on the handle while using the screwdriver.

3. PostUse Care:

- Clean the screwdriver after use to remove any debris or grease.
- Store the screwdriver in its designated place to prevent loss or damage.

Disposal Instructions

- Dispose of the screwdriver responsibly according to local regulations.
- Do not dispose of the screwdriver in general waste if it is damaged or broken.
- Consider recycling options if available.
