

# 1911 STOCK BUSHINGS - 1911 STANDARD STOCK BUSHINGS 4 PACK

[Handgun Parts](#) > [Grip Parts](#) > [Grip Bushings](#)

## Made to Original Factory Specs For Easy Replacement

The 1911 Government model auto is about as rugged as a mountain mule, but when you take the grips off to polish and reblue the critter or put on another set of grips, chances are that the stock frame bushing will be stripped. And, when you remove the frame bushings to get the best polishing job on the frame, you'll find yourself looking for new bushings. Standard Stock Bushing - Nicely made and finished, these special-sized, bushings are packed in sets of 4 Bushings. Stainless Steel (S/S) Stock Bushing - Look "right" on stainless steel and nickel-plated guns.

# Safety Instruction Guide for 1911 Stock Bushings

## Introduction

Thank you for choosing the 1911 Stock Bushings. These bushings are designed to enhance the performance of your 1911 Government model auto. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always handle the bushings with care to avoid damage or injury.
- Keep the bushings out of reach of children and vulnerable individuals.
- Inspect the bushings for any visible damage before installation. Do not use damaged bushings.
- Follow the installation instructions precisely to avoid potential hazards.

## Specific Safety Precautions for Use

- When removing or installing the bushings, wear safety glasses to protect your eyes from small parts or debris.
- Use appropriate tools for installation and avoid using excessive force that could strip the threads.
- Ensure that the work area is clean and free from distractions to maintain focus during installation.
- If you experience any difficulty during installation, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have all necessary tools, including a 7/32" tap drill for standard bushings and a suitable tap for stainless steel bushings.
- Gather your new bushings and any replacement grips you may be installing.

### 2. Removing Existing Bushings:

- Carefully remove the grips from the frame of your 1911.
- Use the appropriate tool to unscrew and remove the existing bushings from the frame.

### 3. Installing New Bushings:

- For standard bushings:
  - Use a 7/32" tap drill to prepare the frame for the new bushings.
  - Handthread the new bushings into place, ensuring they are snug but not overly tight.
- For stainless steel bushings:
  - Ensure that the threads are compatible with the .150"50 thread specification.
  - Install the bushings in the same manner, ensuring a secure fit.

### 4. Finalizing Installation:

- Once the bushings are installed, reattach the grips securely.
- Check that all components are tightly fitted and that there are no loose parts.

### 5. Post Installation:

- Conduct a thorough inspection of the firearm to ensure that all parts are functioning correctly.
- If you notice any issues, consult a qualified gunsmith before using the firearm.

## Disposal Instructions

- Dispose of any old or damaged bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are made of stainless steel or contain hazardous materials.
- Consider recycling options for metal components where available.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 1911 Stock Bushings, please reach out to your local retailer or manufacturer. Ensure you have your product details ready for assistance.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your 1911 Stock Bushings. Always prioritize safety and compliance with all relevant regulations. Thank you for your attention to these important matters.
