Safety Instruction Guide for 1911 AUTO OVERSIZED STOCK BUSHINGS & TAP

Introduction

Thank you for choosing the 1911 AUTO OVERSIZED STOCK BUSHINGS & TAP. This product is designed to provide a solution for stripped out stock bushing holes in 1911 firearms. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use.

General Safety Guidelines

- Ensure that all tools and products are used according to the manufacturer's instructions.
- Keep this product out of the reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe working environment when using this product.
- Regularly check for any signs of wear or damage to the product before use.
- Report any unsafe product conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using taps and bushings.
- Do not exceed the recommended torque specifications when installing bushings to prevent damage.
- Ensure that the tap is properly aligned with the bushing hole to avoid crossthreading.
- Use the special tap only for its intended purpose; do not use it on materials or applications for which it is not designed.
- Avoid using excessive force when tapping to prevent breakage or injury.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the 1911 AUTO OVERSIZED STOCK BUSHINGS, tap, and a suitable drill if needed.
- Ensure that the firearm is unloaded and in a safe condition before beginning work.

2. Cleaning the Bushing Holes

- Use the special tap to clean out any stripped threads in the frame.
- Insert the tap carefully into the bushing hole and turn it clockwise to cut new threads without predrilling.

3. Installing the Bushings

- Once the threads are clean, align the oversized bushing with the hole.
- Screw the bushing in by hand until it is snug.
- Use a wrench to tighten the bushing, ensuring it is secure but not overtorqued.

4. Final Check

- Inspect the installation to ensure that the bushing is flush with the frame and properly aligned.
- Test the fit of the grip screw to ensure proper function.

Disposal Instructions

- Dispose of any damaged or unused bushings and taps in accordance with local regulations.
- Do not dispose of these products in regular household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For inquiries regarding safety, usage, or product recalls, please consult your local regulations or contact the manufacturer directly.

By following these guidelines, you can ensure the safe and effective use of the 1911 AUTO OVERSIZED STOCK BUSHINGS & TAP. Thank you for your attention to safety.
