Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools, including the Checker/Shortener Jig, tweezers, and the appropriate socket.
2. **Selecting Screws:** Choose the correct Socket Head Screw based on the required thread size and length. Refer to the included chart for guidance.
3. **Installation:**
 - Align the screw with the mounting hole.
 - Using the appropriate socket, tighten the screw securely but do not overtighten, as this may strip the threads or damage the material.
4. **Custom Fitting:**
 - If a screw needs to be shortened, place it in the Checker/Shortener Jig.
 - Grind the screw to the desired length, ensuring that you maintain a smooth edge.
5. **Final Check:** After installation, check that all screws are securely fastened and that there are no loose parts.

Disposal Instructions

- Dispose of any unused or damaged screws responsibly. Check local regulations for electronic and metal waste disposal.
- Do not dispose of screws in regular household waste. Use designated recycling or disposal facilities.
