

FORCING CONE FLEX HONE® - 20 GAUGE FINE FLEX HONE

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Barrel Hones & Accessories](#)

Tapered Design Polishes Quickly & Efficiently

The finishing touch for forcing cones cut with Long Forcing Cone Reamers. Taper matches perfectly so the maximum amount of abrasive media contacts the barrel's surface for faster, more effective polishing action, with less elbow grease and work. Must be used with Flex Hone Oil; use of other oils will destroy the abrasive balls and void the guarantee. View Flex-Hone PDF Here

FORCING CONE FLEX HONE® 20 GAUGE FINE FLEX HONE Safety Instruction Guide

Introduction

Thank you for choosing the FORCING CONE FLEX HONE® 20 GAUGE FINE FLEX HONE. This product is designed to enhance the performance of your shotgun by providing a superior finish to forcing cones cut with Long Forcing Cone Reamers. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the FORCING CONE FLEX HONE by following all instructions and guidelines provided in this manual.
- **Enhanced Recalls:** Stay informed about product recalls. Check the EU's Safety Gate platform for updates on any safety concerns.
- **Online Shopping Protections:** When purchasing online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** This product is intended for adult users. Keep it out of reach of children to avoid any accidents.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware of the Safety Gate system for quick alerts on any unsafe products.

Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the instructions before using the product.
- **Use Appropriate Oil:** Only use Flex Hone Oil. The use of other oils may damage the abrasive balls and void the warranty.
- **Wear Protective Gear:** Use safety goggles and gloves to protect yourself from debris and sharp edges during use.
- **Inspect Before Use:** Check the Flex Hone for any visible damage before each use. Do not use if damaged.
- **Keep Work Area Clean:** Ensure your work area is clean and free from hazards to prevent accidents.
- **Do Not Force:** If the Flex Hone does not move freely, do not force it. This may cause damage to both the product and the firearm.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the FORCING CONE FLEX HONE and Flex Hone Oil.
- Ensure the shotgun is unloaded and that the work area is clean and welllit.

2. Installation:

- Insert the Flex Hone into the shotgun barrel carefully.
- Ensure the tapered end of the Flex Hone is aligned with the forcing cone.

3. Application:

- Apply a generous amount of Flex Hone Oil to the abrasive head.
- Turn the Flex Hone slowly while applying light pressure to the barrel surface.

- Move the Flex Hone in and out of the barrel gently to allow the abrasive media to contact the surface effectively.

4. Finishing:

- Continue the polishing action until the desired finish is achieved.
- Periodically check the progress and clean the barrel as needed.

5. PostUse Care:

- Clean the Flex Hone after use to remove any debris.
- Store the Flex Hone in a safe, dry place, away from children and pets.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the FORCING CONE FLEX HONE® 20 GAUGE FINE FLEX HONE, please refer to the manufacturer's contact information provided with your product packaging or on the official website.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your FORCING CONE FLEX HONE!
