

BOLT HEAT SINKS for BOLT WELDING & FORGING - BROWNELLS

BOLT HEAT SINK #1 FOR 1903 SPRINGFIELD

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Bolt Welding & Forging Tools](#)

Protects Critical Locking Lugs When Welding Or Forging Bolt Handles

Provides protection to locking lugs when welding or forging bolt handles by pulling heat away from these critical areas and dissipating it. Especially effective when used with Heat Control Paste. Threaded to fit securely into rear of bolt body, giving additional protection to interior threads by preventing scale formation. Flats milled on end allow use of wrench. Available separately or as a Set of five.

Attributes

- Name: [BROWNELLS BOLT HEAT SINK #1 FOR 1903 SPRINGFIELD](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080638001
- Mfr. No.:
- Model: 03-A3,Model 1903
- Weapon type: Springfield
- Delivery weight: 0.181kg
- Shipping height: 18mm
- Shipping width: 76mm
- Shipping length: 178mm
- UPC: 050806102866

BOLT HEAT SINKS Safety Instruction Guide

Introduction

Thank you for choosing BOLT HEAT SINKS for your welding and forging needs. This guide is designed to provide you with essential safety instructions to ensure the safe and effective use of this product. The BOLT HEAT SINKS are specifically engineered to protect locking lugs during the welding or forging of bolt handles by dissipating heat from critical areas.

General Safety Guidelines

- Ensure that the BOLT HEAT SINKS are used in accordance with the manufacturer's instructions.
- Always inspect the product for any damage or defects before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as gloves, goggles, and masks when operating in high-temperature environments.
- Report any unsafe product experiences or accidents to the relevant authorities.
- Stay updated on recalls and safety alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the BOLT HEAT SINKS only for their intended purpose: protecting locking lugs during welding or forging processes.
- Ensure that the heat control paste is applied as recommended for optimal performance.
- Avoid direct contact with the heat sink during use as it may become extremely hot.
- Do not exceed the recommended temperature limits for the product to prevent damage.
- Ensure that the threaded part of the heat sink is securely fitted into the rear of the bolt body to prevent accidental dislodging.
- Always use a wrench on the milled flats to avoid slipping and potential injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the BOLT HEAT SINK, heat control paste, and a wrench.
- Ensure your workspace is clean and free from hazards.

2. Applying Heat Control Paste:

- Apply the heat control paste generously to the locking lugs before installation of the heat sink. This will enhance the heat dissipation process.

3. Installing the BOLT HEAT SINK:

- Thread the BOLT HEAT SINK securely into the rear of the bolt body. Ensure it fits snugly to prevent scale formation on the interior threads.
- Use a wrench on the milled flats to tighten the heat sink, making sure not to overtighten.

4. Using the BOLT HEAT SINK:

- Proceed with your welding or forging operation, monitoring the temperature closely.
- Avoid direct handling of the heat sink during operation to prevent burns.

5. Post-Use:

- Allow the BOLT HEAT SINK to cool down completely before handling.
- Inspect the heat sink for any signs of wear or damage after each use.

Disposal Instructions

- Dispose of the BOLT HEAT SINK in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BOLT HEAT SINKS, please refer to the contact information provided by the manufacturer or your point of purchase. It is important to have access to support for any safety inquiries or product issues.

By following these safety instructions, you can ensure a safe working environment while using the BOLT HEAT SINKS. Your safety is our priority, and we appreciate your attention to these guidelines.
