The CURE For Some Tough Assembly Jobs

GUNSMITH'S ALIGNMENT PINS The Brownells Gunsmith's Alignment Pins are precision-engineered tools designed to assist gunsmiths and firearm enthusiasts in aligning parts and assemblies during firearm maintenance and assembly. These 4-inch steel tapered alignment pins are forged and feature a 2.5-inch taper-ground and polished section, providing durability and ease of use. The knurled grip ensures a secure hold during operation. The set offers size overlap from pin to pin, covering a wide range of applications. Available Options: Complete 3-Piece Pin Set: Includes small, medium, and large pins to accommodate various alignment tasks. Individual Pins: Small Pin: Diameter ranges from 0.070" to 0.156". Medium Pin: Diameter ranges from 0.110" to 0.187". Large Pin: Diameter ranges from 0.150" to 0.219". Specifications: Length: 4 inches Tapered Section: 2.5 inches, ground and polished Grip: Knurled for enhanced handling Customer Insights: Our customers report that the Brownells Gunsmith's Alignment Pins are invaluable for aligning firearm components during assembly and maintenance. The tapered design and polished finish allow for precise alignment, while the knurled grip provides a secure hold, reducing the risk of slippage. Customers appreciate the availability of different sizes, ensuring compatibility with a wide range of firearms. Incorporating the Brownells Gunsmith's Alignment Pins into your toolkit ensures you have the precision tools necessary for accurate and efficient firearm assembly and maintenance.

GUNSMITH'S ALIGNMENT PINS Safety Instruction Guide

Introduction

Thank you for choosing the GUNSMITH'S ALIGNMENT PINS by Brownells. These alignment pins are designed to provide precision and versatility in various applications. This safety instruction guide aims to ensure your safe use of the product while complying with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle the alignment pins with care to avoid injury.
- Ensure that the working area is clean and free from hazards before use.
- Keep the pins out of reach of children and pets.
- Inspect the alignment pins before each use for any signs of damage or wear.
- If you notice any defects, do not use the pins and contact the manufacturer for further instructions.
- Follow all local regulations and guidelines when using the product.

Specific Safety Precautions for Use

- Use the alignment pins only for their intended purpose as specified in the product description.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the pins.
- Avoid using excessive force when inserting or removing the pins to prevent injury or damage to the pins.
- Do not use the pins in a manner that could cause them to become dislodged or to fall.
- Always store the alignment pins in a safe and secure location when not in use.

Instructions for Installation and Usage

1. Preparation

- Ensure that the working area is clean and welllit.
- Gather all necessary tools and materials before beginning the installation.

2. Choosing the Right Pin Size

- Select the appropriate size alignment pin based on the dimensions of your application:
 - Small: .070" (1.8mm) to .156" (4.0mm)
 - Medium: .110" (2.8mm) to .187" (4.7mm)
 - Large: .150" (3.8mm) to .219" (5.6mm)

3. Installation

- Align the pin with the designated hole or slot in your application.
- Gently insert the pin until it is fully seated.
- If resistance is encountered, do not force the pin; instead, check for misalignment or debris in the hole.

4. Usage

- Use the alignment pins as needed during your project, ensuring they remain securely in place.
- Periodically check the pins for stability during use.

5. Removal

- To remove the alignment pins, grasp them firmly and pull straight out.
- Avoid twisting or bending the pins during removal to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn alignment pins in accordance with local regulations.
- Do not throw alignment pins into regular household waste. Instead, consider recycling options if available.
- Ensure that any disposal method used does not pose a risk to the environment or public safety.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided with the product packaging or on their official website.

By following these safety instructions, you can ensure a safe and effective experience with the GUNSMITH'S ALIGNMENT PINS. Thank you for your attention to safety and compliance.
