# GM455 ProSpring Kit Safety Instruction Guide

## Introduction

Thank you for choosing the GM455 ProSpring Kit for your Colt Government Model .380. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual thoroughly before installation and usage.

## General Safety Guidelines

- Ensure the product is suitable for your firearm model before use.
- Always wear appropriate safety gear, including eye protection, when handling or installing firearm components.
- Store all components in a secure location, out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage to the springs and other components.
- Follow all local laws and regulations regarding firearm modifications and usage.
- In case of any doubts or uncertainties, consult a qualified gunsmith or firearms expert.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to malfunction or failure of the firearm.
- Using springs not suited for your firearm model can cause injury or damage.

### • Instructions for Avoiding Hazards:

- Only use the GM455 ProSpring Kit with the Colt Government Model .380.
- Ensure that all components are installed correctly and securely before use.
- Conduct a function check after installation to ensure proper operation.

### • Age and Audience Specific Warnings:

- This product is intended for adult users only. Keep out of reach of children.
- Ensure that individuals using this product are knowledgeable about firearm safety and operation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction at all times.
- Gather necessary tools, including a punch set, hammer, and safety glasses.

### 2. Installation Steps:

- Remove the slide from the firearm according to the manufacturer's instructions.
- Carefully remove the old recoil spring and firing pin spring.
- Install the new 12 lb. extra power recoil spring and the extra power firing pin spring from the GM455 kit.
- Replace the main spring with the reduced power 20 lb. main spring, ensuring it is seated properly.
- Optionally, you may install the factory standard 23 lb. hammer spring if desired.
- Reassemble the firearm and ensure all components are securely in place.

### 3. Post Installation:

- Conduct a function check by cycling the action and ensuring the firearm operates correctly.
- Test fire in a safe and controlled environment to confirm proper functionality.

## **Disposal Instructions**

- Dispose of old springs and components in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Consider recycling options if available in your area for metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the GM455 ProSpring Kit, please consult a qualified gunsmith or contact the manufacturer directly for assistance. Always prioritize safety and compliance with local laws when using firearm components.

Thank you for your attention to these safety guidelines, and enjoy your enhanced shooting experience with the GM455 ProSpring Kit.
