TSA800 PROSPRING KIT FOR TAURUS PT99/92

Safety Instruction Guide

Introduction

Thank you for choosing the TSA800 PROSPRING KIT for your Taurus PT99/92. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Store the TSA800 PROSPRING KIT and any firearms in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the spring kit for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you have the correct tools and equipment before beginning installation.
- Do not attempt to modify or alter the components of the spring kit beyond the intended use.
- Wear safety glasses and gloves during installation to protect against potential injuries.
- Be aware of your surroundings and ensure that no one is in close proximity while you are working on your firearm.
- If you are unsure about any aspect of the installation or usage, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and the magazine is removed.
- Place the firearm on a stable surface in a welllit area.

2. Installation Steps:

- Remove the slide from the frame of the Taurus PT99/92 according to the manufacturer's instructions.
- Use the appropriate tools to remove the existing recoil and hammer springs.
- Install the new components from the TSA800 PROSPRING KIT:
 - Replace the recoil spring with the 11 lb. RP recoil spring.
 - Install the 18 lb. FSW hammer spring in its designated location.
 - Replace the existing hammer spring with the 16 lb. RP hammer spring.
- Reassemble the slide and frame carefully, ensuring all components are correctly aligned and secured.

3. PostInstallation Check:

- Perform a function check to ensure that the firearm operates correctly with the new springs.
- If any issues arise, disassemble the firearm and verify the installation of the springs.

4. Usage:

- Once confirmed that the installation is successful, you may proceed to use the firearm as intended.
- Always adhere to safe handling practices while using your firearm.

Disposal Instructions

- Dispose of any old springs and components in accordance with local regulations.
- Do not dispose of springs in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all components are out of reach of children and unauthorized persons during disposal.

Contact Information for Further Support

For any questions or concerns regarding the TSA800 PROSPRING KIT, please contact your local dealer or the manufacturer for assistance. Always keep this safety instruction guide for future reference.

Thank you for ensuring safety while using the TSA800 PROSPRING KIT for your Taurus PT99/92.
