# M1900 PROSPRING KIT Safety Instructions

## Introduction

Thank you for choosing the M1900 PROSPRING KIT for your Springfield M1 Garand Rifle. This guide provides essential safety instructions to ensure the safe use and installation of this product. Please read this document carefully before using the kit.

## General Safety Guidelines

- Ensure that the M1900 PROSPRING KIT is used only for its intended purpose with Springfield M1 Garand Rifles.
- Always handle firearms with care and follow all applicable safety regulations.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the kit components for wear or damage before installation.
- If you encounter any issues or uncertainties, seek assistance from a qualified gunsmith.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation may result in malfunction of the firearm.
- Using worn or damaged springs can lead to unsafe operation.

- **Avoiding Hazards:**

- Always ensure the firearm is unloaded before beginning installation.
- Wear safety glasses to protect your eyes during installation.
- Use proper tools to avoid injury or damage to the components.
- Do not force any parts into place; they should fit securely without excessive pressure.

- **Age Specific Warnings:**

- This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised by an adult when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary tools, including screwdrivers and pliers.

### 2. Installation Steps:

- Remove the existing recoil spring, hammer spring, ejector spring, and extractor spring from the firearm.
- Carefully install the new extrapower recoil spring:
  - Align the spring properly in its designated slot.
  - Ensure it is seated correctly to avoid misalignment.
- Install the extrapower hammer spring:
  - Follow the same alignment process as with the recoil spring.
- Replace the ejector spring:
  - Ensure it is fitted securely within its housing.

- Finally, install the extractor spring:
  - Confirm it is properly positioned to function effectively.

### **3. PostInstallation Check:**

- After installation, conduct a visual inspection of all components.
- Cycle the action of the firearm manually to ensure smooth operation.
- Test the firearm in a safe and controlled environment, ensuring it functions as intended.

## **Disposal Instructions**

- Dispose of any old or damaged springs and components responsibly.
- Follow local regulations for the disposal of firearm parts.
- If in doubt, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the M1900 PROSPRING KIT, please refer to the product packaging or consult the retailer from which it was purchased. Always prioritize safety and do not hesitate to seek professional assistance when needed.

## **Conclusion**

The M1900 PROSPRING KIT is designed to enhance the performance of your Springfield M1 Garand Rifle. By following the safety instructions outlined in this guide, you can ensure a safe and effective installation process. Thank you for prioritizing safety and responsible firearm use.
