

# 6" X 1/2" X 1/2" CERAMIC STONES - 6"X1/2"X1/2" GROUND STONE M-FINE BLACK

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Stones](#)

## State-Of-The-Art Stones Combine Fast Metal Removal With Fine Finish

Custom made to our specs from premium ceramic. The cutting action is very fast and the resulting surface very smooth. Perfect for all trigger work from burr removal to final finish. Use dry or with water as a lube (no messy oil); soap and water cleanup. Less fragile than Arkansas stones. Ground sides for sharp, 90° edges and an extremely fine cutting action for polishing and smoothing triggers and sears, like the 1911 Auto, that require an exact 90° interface for best performance.

## Attributes

# Safety Instruction Guide for 6" X 1/2" X 1/2" Ceramic Stones

## Introduction

Thank you for choosing the 6" X 1/2" X 1/2" Ceramic Stones. This product is designed for precision work in polishing and smoothing triggers and sears. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the ceramic stones as intended and in accordance with the manufacturer's instructions.
- Keep the ceramic stones out of reach of children and pets to prevent accidental injury.
- Inspect the ceramic stones regularly for any signs of damage or wear. Do not use if damaged.
- Use the stones in a wellventilated area to avoid inhaling any dust or particles that may be generated during use.
- Avoid using the ceramic stones near flammable materials or liquids.

## Specific Safety Precautions for Use

- Use protective eyewear to shield your eyes from dust and debris while working.
- Wear a dust mask if you are sensitive to inhaling fine particles.
- Ensure your hands are dry before handling the stones to maintain a secure grip.
- Do not apply excessive pressure while using the stones; let the tool do the work to avoid accidents.
- Always use the stones on a stable surface to prevent slipping or movement during use.

## Instructions for Installation and Usage

### 1. Preparation:

- Clean the surface you will be working on to ensure it is free from debris and contaminants.
- Gather any additional tools you may need for your project.

### 2. Using the Ceramic Stones:

- For best results, use the ceramic stones dry or with water as a lubricant. Avoid using oil as it can create a mess.
- Hold the stone firmly and apply it to the surface you are working on, using smooth, even strokes.
- For polishing and smoothing triggers and sears, ensure that you maintain a 90° angle for optimal performance.
- After use, clean the stones with soap and water to remove any residue and allow them to dry completely.

### 3. PostUse Care:

- Store the ceramic stones in a safe, dry place away from direct sunlight and moisture.
- Regularly check the stones for any signs of wear or damage and replace them as necessary.

## Disposal Instructions

- Dispose of the ceramic stones in accordance with local regulations. As they are made from ceramic, they may be recyclable in some areas.
- Do not dispose of the stones in regular household waste if local regulations prohibit it.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of this product, please reach out to the manufacturer or retailer from whom you purchased the ceramic stones. They can provide additional guidance and support.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your 6" X 1/2" X 1/2" Ceramic Stones. Always prioritize safety and consult the guidelines provided to protect yourself and others during use. Thank you for your attention to these important safety measures.
