

1911 SLIDE FITTING BARS - 1911 SLIDE FITTING BAR .111" (2.8914MM)

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Slide Tools](#)

Remove Slide "Play" Accurately & Professionally

Surface ground and hardened tool steel bars in ten thicknesses - Recommended by agency armorers and top pistolsmiths as the most accurate way to remove vertical slide "play" from the 1911 Auto, its variations and copies. May be slower than the quick-and-dirty methods, but gives an infinitely more accurate and professional job. Basic procedure as follows: Measure gun's slide rail thickness; place closest-sized Slide Fitting Bar in frame "way"; tap frame rail with light hammer to close the "ways" space down to match the slide rail thickness. Complete instructions included.

Safety Instruction Guide for 1911 Slide Fitting Bars

Introduction

Thank you for choosing the 1911 Slide Fitting Bars. This product is designed to help you achieve a precise fit for your 1911 Auto's slide, ensuring optimal performance. Please read this safety instruction guide thoroughly to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the instructions provided.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using this product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for damage before use. Do not use if any components are damaged or worn.
- Report any unsafe product conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Handle the slide fitting bars with care to avoid injury from sharp edges.
- Use a light hammer when tapping the frame rail to avoid damaging the firearm.
- Do not overtighten or force the fitting bars into place, as this may cause damage to the firearm or the fitting bars.
- Ensure that the working area is clean and free from distractions to maintain focus while using the product.
- Follow all local laws and regulations regarding the modification of firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the 1911 Slide Fitting Bars, a light hammer, and a measuring tool.
- Ensure your workspace is clean and welllit.

2. Measure the Slide Rail Thickness:

- Use the measuring tool to accurately measure the thickness of the gun's slide rail.

3. Select the Appropriate Slide Fitting Bar:

- Choose the closest sized Slide Fitting Bar that matches the measured thickness of the slide rail.

4. Insert the Slide Fitting Bar:

- Place the selected Slide Fitting Bar into the frame "way" where the slide rail fits.

5. Adjust the Frame Rail:

- Gently tap the frame rail with a light hammer to close the "ways" space down to match the slide rail thickness.
- Check the fit frequently to ensure accuracy.

6. Complete the Fitting Process:

- Repeat the process with different fitting bars as necessary to achieve the desired fit.
- Follow any additional instructions provided with the product for specific adjustments.

Disposal Instructions

- Dispose of any damaged or worn fitting bars in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling options for metal products.

Contact Information for Further Support

For any questions or safety inquiries regarding the 1911 Slide Fitting Bars, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines and instructions, you can ensure the safe and effective use of the 1911 Slide Fitting Bars. Thank you for prioritizing safety in your firearm maintenance activities.
