

M14/M1A/M1 GARAND RIFLE ACTION WRENCH & HEAD - SPRINGFIELD M1A ACTION WRENCH HEAD ONLY

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Wrenches](#) > [Action Wrenches & Components](#)

The only commercially available action wrench system that surrounds and supports the receiver ring and recoil lug to distribute potentially damaging torque forces equally. The solid steel base has a unique, machined relief to clear the recoil lug on most Mauser-type bolt action rifles and, the individual, bolt-on Heads are machined to provide an exact fit around and against the receiver ring or barrel nut for each of the firearm models listed. Together, they support the receiver in a ring of steel and greatly increase the amount of surface gripping area to totally eliminate twisted bolt ways or damaged, ruined receivers. This is the most advanced, complete, professional-quality, Action Wrench System. With it, you can prevent expensive receiver damage on MOST popular rifle actions, including military models, plus, models for selected handguns. Supports top, side and bottom of the forward ring of the receiver. Fits most variations of these rifles including the BM-59.

M14/M1A/M1 GARAND RIFLE ACTION WRENCH

Safety Instructions

Introduction

Thank you for purchasing the M14/M1A/M1 Garand Rifle Action Wrench. This product is designed to provide a safe and efficient method for handling your firearm's action. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded before using the action wrench.
- Keep the action wrench out of reach of children and unauthorized users.
- Inspect the action wrench for any signs of damage or wear before use.
- Follow all local laws and regulations regarding firearm maintenance and modifications.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay updated on recall notices by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the firearm is pointed in a safe direction at all times during use.
- Use only the appropriate action wrench head designed for your specific firearm model.
- Do not exceed the recommended torque specifications when using the wrench.
- Avoid using the action wrench in wet or damp conditions to prevent slippage.
- Always wear safety goggles to protect your eyes from potential debris.
- Do not use the action wrench if you are tired or under the influence of substances that impair your judgment.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe working area.
- Gather all necessary tools and the action wrench.

2. Selecting the Correct Head:

- Identify the model of your firearm (M14, M1A, M1 Garand).
- Select the corresponding bolton head that fits your firearm model.

3. Attaching the Head:

- Align the head with the receiver ring or barrel nut.
- Securely attach the head to the action wrench base using the provided fasteners.

4. Using the Action Wrench:

- Position the action wrench around the receiver ring or barrel nut.
- Apply even pressure while turning the wrench to avoid damaging the receiver.
- Monitor torque levels to ensure they remain within safe limits.

5. PostUse:

- Carefully remove the action wrench from the firearm.

- Inspect the firearm for any signs of damage or wear after use.
- Clean and store the action wrench in a secure location.

Disposal Instructions

- Dispose of the action wrench responsibly according to local regulations.
- If the product is no longer usable, consider recycling the metal components where possible.
- Do not dispose of the action wrench in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the M14/M1A/M1 Garand Rifle Action Wrench, please refer to the manufacturer's website or customer support resources.

By following these safety instructions, you can ensure a safe and effective experience while using the M14/M1A/M1 Garand Rifle Action Wrench. Thank you for your commitment to firearm safety.
