

1911 TORX® HEAD GRIP SCREWS - BROWNELLS 1911 TORX HEAD GRIP SCREWS BLUED 4 PACK

[Handgun Parts](#) > [Grip Parts](#) > [Grip Screws](#)

Distinctive Star Shape Gives A Unique Custom Look; Prevents Scratched Frames & Grips

Positive wrench engagement prevents scratches and marks on 1911 Auto frames and custom grips. Miniature star shape adds that distinctive, personal touch to a favorite pistol. Machined and hardened screws fit flush in all factory and aftermarket 1911 Auto grip panels.

Safety Instruction Guide for 1911 TORX® Head Grip Screws

Introduction

Thank you for choosing the 1911 TORX® Head Grip Screws by Brownells. This guide provides essential safety information and instructions for the proper use, installation, and disposal of these grip screws. Please read this guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that all safety guidelines are followed to prevent accidents and injuries.
- Always inspect the product before use for any signs of damage or wear.
- Keep the screws and wrench out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as specified in this guide.
- In case of any issues or concerns, report unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always use the provided wrench to install or remove the grip screws. This will prevent damage to the screws and the grip panels.
- Avoid overtightening the screws, as this can lead to stripping the threads or damaging the grip panels.
- Ensure that the screws are compatible with your specific model of 1911 Auto (e.g., Government, Commander, Officers).
- Do not use the screws if they show any signs of rust, corrosion, or damage.
- If you experience any difficulty during installation, stop and seek assistance rather than forcing the screws.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the provided wrench.
- Ensure that the work area is clean and free from distractions.

2. Installation

- Align the grip panel with the frame of the 1911 Auto.
- Insert the TORX® head grip screws into the designated holes in the grip panel.
- Using the wrench, tighten each screw gently until snug. Do not overtighten.
- Repeat the process for all screws included in the package.

3. PostInstallation Check

- After installation, check that all screws are securely fastened.
- Ensure that the grip panel is properly aligned and does not move.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of the screws in regular household waste; instead, use designated recycling or hazardous waste disposal facilities if applicable.

- Ensure that any packaging materials are disposed of responsibly.

Contact Information for Further Support

For any inquiries or support regarding the 1911 TORX® Head Grip Screws, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website for more information.

By following these safety instructions, you can ensure the safe and effective use of the 1911 TORX® Head Grip Screws. Thank you for your attention to safety.
