# Parkerizing Supplies Safety Instructions

## Introduction

Thank you for choosing Brownells Parkerizing Post Treatment Solution. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and pets.
- Always wear appropriate personal protective equipment (PPE), including gloves and safety goggles, when handling this solution.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Do not ingest the solution. If swallowed, seek medical attention immediately.
- Store the product in a cool, dry place, away from direct sunlight and heat sources.
- Follow all local regulations regarding the storage and disposal of chemical products.

## Specific Safety Precautions for Use

- Ensure adequate ventilation in the area where the solution is being used.
- Do not mix this solution with any other chemicals unless specified in the instructions.
- Be cautious of spills. Clean up any spills immediately using appropriate absorbent materials.
- If you experience any adverse reactions while using the product, discontinue use and consult a healthcare professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure all surfaces and tools are clean and free from contamination.
- Gather all necessary equipment and PPE before starting.

### 2. Mixing the Solution:

- Pour 16 oz. (473 ml) of Parkerizing solution into a clean container.
- Add enough water to make a total of 1 gallon of solution.
- Stir the mixture thoroughly to ensure it is well combined.

### 3. Application:

- Apply the Parkerizing solution to the metal parts using a suitable method (e.g., immersion, spraying).
- Follow the specific application guidelines provided by the manufacturer for optimal results.

### 4. PostApplication:

- Allow the treated parts to dry completely before handling.
- Clean all tools and equipment used during the application process.

## Disposal Instructions

- Dispose of any unused solution and contaminated materials in accordance with local regulations.

- Do not pour the solution down the drain or dispose of it in regular household waste.
- Contact your local waste disposal authority for specific disposal instructions.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of this product, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with Brownells Parkerizing Post Treatment Solution. Thank you for your attention to safety.
