

# MX FINISHING WHEELS - BROWNELLS MX FINISHING WHEEL STARTER KIT, 1/2" X 1/2"

[Gunsmith Tools](#) > [Power Tools & Accessories](#) > [Hard Abrasive Tools](#) > [Hard Abrasive Finishing Wheels](#)

## Long Lasting, Popular Grits For Polishing & Shaping

Non-woven, cotton fiber, bonded with aluminum oxide abrasive retains its shape well and is ideal for finishing, polishing, final shaping, and removing scratch marks. Non-loading; works great on aluminum and brass. Starter Kit has one wheel of each grit packed in a compartmented kit box. Refill paks contain three wheels of one grit. 1/8" shank fits hand-held, high-speed, rotary tools.

# MX Finishing Wheels Brownells 1/2" x 1/2" Starter Kit Safety Instruction Guide

## Introduction

Thank you for choosing the MX Finishing Wheels Brownells Starter Kit. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before using the finishing wheels.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and a dust mask when using the finishing wheels.
- Keep the workplace clean and free of debris to prevent accidents.
- Do not use the product for any purpose other than its intended use.
- Ensure that the tool used with the finishing wheels is compatible and in good working condition.

## Specific Safety Precautions for Use

- Inspect the finishing wheels before each use for any signs of damage or wear.
- Do not exceed the recommended maximum speed for the rotary tool.
- Use the finishing wheels only on materials for which they are designed, such as aluminum and brass.
- Avoid applying excessive pressure while using the wheels to prevent overheating and damage.
- Keep hands and other body parts away from the rotating wheel during operation.
- If you experience any unusual vibrations or noises while using the wheels, stop immediately and inspect for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the rotary tool is unplugged or turned off before installation.
- Select the appropriate grit wheel for your task.
- Insert the 1/8" shank of the finishing wheel into the chuck of the rotary tool.
- Tighten the chuck securely to ensure the wheel is held firmly in place.

### 2. Usage:

- Plug in or turn on the rotary tool.
- Hold the tool firmly with both hands for better control.
- Position the wheel against the surface to be finished at a 90degree angle.
- Turn on the tool and allow the wheel to reach full speed before making contact with the material.
- Move the wheel smoothly across the surface, applying light pressure as needed.
- After use, turn off the tool and allow the wheel to come to a complete stop before setting it down.

## Disposal Instructions

- Dispose of used or damaged finishing wheels in accordance with local regulations for hazardous waste.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or usage of the MX Finishing Wheels, please refer to the manufacturer's contact information provided with your product packaging.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the MX Finishing Wheels Brownells Starter Kit. Always prioritize safety and proper usage to maximize the performance of your finishing wheels. Thank you for your attention to these guidelines.
