

REMINGTON 870 STAINLESS STEEL EXTENDED MAGAZINE TUBE SPRING - BROWNELLS EXTENDED MAGAZINE TUBE SPRING FOR REMINGTON 870, STAINLESS

[Shotgun Parts](#) > [Magazine Tube Parts](#) > [Magazine Springs](#)

Eliminates Magazine Spring Corrosion

Long-lasting, magazine springs are made from 17-7 stainless steel to help prevent malfunctions caused by rusty magazine springs. Heat treated for durability and superb performance. Fits Remington 870 with two-round magazine extension. Can replace standard magazine tube springs but will require trimming.

Safety Instruction Guide for REMINGTON 870 STAINLESS STEEL EXTENDED MAGAZINE TUBE SPRING

Introduction

Thank you for choosing the REMINGTON 870 STAINLESS STEEL EXTENDED MAGAZINE TUBE SPRING. This guide provides important safety information and instructions to ensure the safe use and maintenance of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using this product.
- Always treat firearms as if they are loaded. Keep the muzzle pointed in a safe direction at all times.
- Store this product out of reach of children and unauthorized users.
- Regularly inspect the magazine spring for wear or damage to prevent malfunctions.
- Do not use this product if it shows signs of damage or excessive wear.
- Follow all local laws and regulations regarding firearm modifications and use.

Specific Safety Precautions for Use

- Only use this magazine spring with the Remington 870 model.
- Ensure the firearm is unloaded before installing or replacing the magazine spring.
- Be cautious when trimming the spring, as improper trimming can lead to malfunction or injury.
- Avoid contact with sharp edges during installation and handling.
- Do not exceed the recommended capacity of the magazine when loaded.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation, such as a screwdriver and cutting tool for trimming.

2. Removing the Old Magazine Spring

- Remove the magazine tube cap by unscrewing it counterclockwise.
- Carefully pull out the old magazine spring from the tube.
- Inspect the magazine tube for any debris or obstructions.

3. Installing the New Magazine Spring

- If necessary, trim the new magazine spring to fit your specific magazine extension.
- Insert the new magazine spring into the magazine tube, ensuring it is seated properly.
- Replace the magazine tube cap by screwing it back on clockwise.

4. Testing the Installation

- Load the magazine with the appropriate number of rounds.
- Cycle the action of the firearm to ensure smooth operation.
- Check for any unusual sounds or resistance during operation.

5. Regular Maintenance

- Periodically inspect the magazine spring for signs of wear or damage.
- Clean the magazine tube to prevent dirt and debris buildup.
- Replace the magazine spring as needed for optimal performance.

Disposal Instructions

- Dispose of the old magazine spring in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For safety inquiries regarding the REMINGTON 870 STAINLESS STEEL EXTENDED MAGAZINE TUBE SPRING, please reach out to the designated EU contact point for assistance.

Conclusion

Adhering to these safety guidelines and instructions will help ensure a safe and effective experience with your REMINGTON 870 STAINLESS STEEL EXTENDED MAGAZINE TUBE SPRING. Thank you for prioritizing safety and responsibility in your firearm use.
