

# MUZZLE SHIM KIT - BROWNELLS SHIM KIT FOR 1/2" DIAMETER MUZZLES

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Hardware](#) > [Washers](#)

Complete shim kit allows you to properly index your muzzle device to your barrel. The kit comes with seven different thicknesses of stainless steel shims. The shims can be used alone or in different combinations to give you the desired thickness needed to correctly index the muzzle device to the barrel. Includes the following shims .002" (2), .003" (2), .004" (2), .008" (2), .010" (1), .015" (1), and .030" (1).

# MUZZLE SHIM KIT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the MUZZLE SHIM KIT by Brownells. This kit is designed to help you properly index your muzzle device to your barrel using stainless steel shims of various thicknesses. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the MUZZLE SHIM KIT in accordance with the manufacturer's instructions.
- Ensure that the kit is kept out of reach of children and vulnerable individuals.
- Inspect all components of the kit before use to ensure they are in good condition.
- Do not use the kit if any components are damaged or missing.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about any recall updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the shims for their intended purpose: to index muzzle devices on barrels.
- Ensure that the muzzle device is securely attached before use.
- Avoid using excessive force when installing or adjusting shims to prevent injury or damage.
- Wear protective eyewear when working with firearms and muzzle devices.
- Keep your workspace clear and organized to minimize the risk of accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all required tools and ensure your workspace is clean and welllit.
- Review the thicknesses of the shims included in the kit:
  - .002" (2)
  - .003" (2)
  - .004" (2)
  - .008" (2)
  - .010" (1)
  - .015" (1)
  - .030" (1)

### 2. Indexing the Muzzle Device

- Determine the necessary thickness required to properly index your muzzle device.
- Select the appropriate shims based on the required thickness. You can use shims in combination to achieve the desired thickness.
- Carefully place the selected shim(s) between the muzzle device and the barrel.

### 3. Securing the Muzzle Device

- Once the shims are in place, securely attach the muzzle device to the barrel.
- Ensure that the device is aligned correctly and tightened according to the manufacturer's specifications.
- Doublecheck the attachment to confirm that it is secure and stable.

### 4. Final Inspection

- After installation, inspect the muzzle device to ensure it is properly indexed and there are no gaps or misalignments.
- Test the installation by gently moving the muzzle device to ensure it does not shift or loosen.

## Disposal Instructions

- Dispose of any damaged or unused shims in accordance with local regulations.
- Do not dispose of shims in regular household waste. Follow local guidelines for metal recycling.

## Contact Information for Further Support

For any inquiries or concerns regarding the MUZZLE SHIM KIT, please reach out to the designated contact point in your EU country. Ensure you have the product details on hand for quicker assistance.

Thank you for your attention to these safety instructions. Enjoy your experience with the MUZZLE SHIM KIT and practice safe handling at all times.
