

SPRAY GRIT REPLACEMENT NOZZLE C, 12 PACK

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Paint Finishes](#) > [Replacement Nozzles](#)

Nozzles can get clogged if you forget to clear them after each spraying session or, if you don't "shake well", the pickup tube inside the can gets plugged up. Replacement Nozzles - Replace clogged Nozzles.

Safety Instruction Guide for SPRAY GRIT REPLACEMENT NOZZLE (12 PACK)

Introduction

Thank you for choosing the SPRAY GRIT REPLACEMENT NOZZLE. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the nozzles.

General Safety Guidelines

- Always use the nozzles according to the manufacturer's instructions.
- Ensure that the product is kept out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.
- Use the product only for its intended purpose to minimize risks.

Specific Safety Precautions for Use

- Avoid using the nozzles if they are damaged or clogged.
- Do not attempt to clear clogged nozzles with sharp objects, as this may cause injury.
- Always "shake well" before use to prevent the pickup tube from getting plugged.
- Use in a wellventilated area to reduce inhalation risks.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, if necessary.

Instructions for Installation and Usage

1. Installation of Replacement Nozzles:

- Remove the clogged nozzle from the spray can.
- Align the replacement nozzle with the opening of the spray can.
- Press down firmly until the nozzle clicks into place.

2. Usage Instructions:

- Before each use, ensure that the nozzle is clear and free from obstructions.
- Shake the spray can well before each spraying session.
- Hold the can upright and aim the nozzle at the target area.
- Press the nozzle to spray the product evenly.
- After use, clean the nozzle by spraying briefly to clear any residual product.

3. Storage:

- Store the nozzles and spray can in a cool, dry place away from direct sunlight.
- Ensure that the nozzles are stored in their original packaging to prevent damage.

Disposal Instructions

- Dispose of any used nozzles and spray cans in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, utilize designated recycling or hazardous waste facilities.
- Ensure that the product is empty before disposal.

Contact Information for Further Support

For additional support or safety inquiries, please refer to the manufacturer's contact information provided on the product packaging.

By following these safety guidelines and instructions, you can ensure the safe use of the SPRAY GRIT REPLACEMENT NOZZLE. Thank you for your attention to safety.
