

# COMPETITOR PLUS™ RIFLE SLING - TAN COMPETITOR PLUS SLING

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

**Premium Leather, Extra Heavy Hooks, Stitched Keepers, U.S. Made, 6" Longer - 54" Front Strap, Increases Usable Length, Available in Tan or Black**

If you love fine leather, fine craftsmanship and a superbly functional, useful sling, our Competitor Plus is going to make you extremely happy! What you get is a no-compromise reproduction of the original 1907 Military Sling; the one that's become the standard among hi-power service rifle shooters and many knowledgeable hunters; the one that's sought after by collectors and restorers of pre-WWII military firearms and the one that's carried more guns, more miles on more shoulders than darn near any other. Ours has all the good stuff: 1) It's all U.S. made of the finest, oak-tanned, top grain, U.S. steer hide. 2) It's fitted with thick, forged, blued steel hooks. 3) Each hook is attached with three rivets. 4) The Keepers are stitched and fit TIGHT! Once we eliminated all the shortcomings of the current crop of '07 copies, we convinced a sling maker that folks who use their guns really do want better not cheaper. Once the maker believed, they gave us suggestions concerning the leather. Ooohh, the leather! It's absolutely wonderful. A full heavy-weight, 9-10 ounce leather, tanned correctly for sling use to give maximum flexibility, stability and toughness without stretching or being oily. The tanning makes the Competitor Plus Sling leather what it is. The process starts with a complete hide that's shaved just enough to make it even thickness throughout. Then it's painstakingly tanned using oak tannage, NOT chromic salts. (Chromic salts cause tarnish and corrosion on any metal the leather touches.) Finally, the smooth, burnished finish which shows off the natural grain of this high-grade leather. All this time and effort means Competitor Plus Slings can bend and twist for a tight grip with no splitting or cracking, even across the holes, with no more than the barest minimum of medium tanning oil being added during the process. Your careful adjustments and precise shooting position won't be fouled up by a rubbery sling. Each extra thick, blued steel hook is locked onto the leather with three hand-hammered, copper rivets. The extra steel keeps the hooks from bending under the extreme pressure created when you lock into position. And, the hooks fit their holes TIGHTLY...no slop to mess up a hard hold and no accidental unhookings. Even the keepers are designed as part of a working sling. Since they absolutely must fit and grab the straps tightly, ours are skived at a taper, overlapped and then glued and stitched with 5-cord waxed linen thread. They'll hold your adjustments! The end result is a sling that gives you so much more: more service for so much longer as a traditional field sling; more authenticity as a replacement for restorations; plus more, higher match scores by eliminating a concentration-breaking source of problems. You can spend your time glassing for game, doping the wind or paying attention to sight picture and trigger squeeze instead of fiddling with the sling. This level of exceptional quality is a little more expensive, but we honestly believe you'll agree it's more than worth it.

## Attributes

- Name: [TAN COMPETITOR PLUS SLING](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 084270110

- Mfr. No.:
- Color: Tan
- Material: Leather
- Style: 2-point Sling
- Width: 1-1/4"
- Delivery weight: 0.249kg
- Shipping height: 41mm
- Shipping width: 112mm
- Shipping length: 257mm

# COMPETITOR PLUS™ RIFLE SLING TAN Safety Instruction Guide

## Introduction

Thank you for choosing the COMPETITOR PLUS™ RIFLE SLING TAN. This safety instruction guide is designed to ensure the safe use of your rifle sling, providing essential information on how to use, install, and dispose of the product safely. Please read this guide carefully to understand the safety precautions and guidelines associated with the use of this product.

## General Safety Guidelines

- **Product Safety:** This rifle sling is designed for safe use. Ensure that you follow all safety guidelines to minimize risks.
- **Enhanced Recalls:** Stay informed about recalls. If your product is found to be unsafe, you will be notified through standardized recall notices.
- **Online Shopping:** If you purchased this sling online, you have the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, such as children. Keep the sling out of reach of children to prevent accidents.
- **EU Contact Point:** For any safety inquiries, refer to the EU-based contact information provided by the manufacturer.
- **Rapid Alerts:** Be aware that updates regarding unsafe products will be communicated quickly through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- **Inspect Before Use:** Always inspect the sling for any signs of wear or damage before each use. Check for frayed edges, loose stitching, or bent hooks.
- **Proper Fit:** Ensure that the sling is properly fitted to your firearm. An improper fit can lead to accidents or injury.
- **Avoid Overloading:** Do not exceed the weight limit of the sling. Overloading can cause the sling to fail, leading to potential injury or damage.
- **Secure Attachment:** Ensure that the hooks are securely attached to the sling and the firearm. Loose attachments can result in the firearm falling.
- **Use in Safe Environments:** Avoid using the sling in environments that may pose additional risks, such as crowded areas or unstable surfaces.
- **Handle with Care:** Always handle the sling with care. Avoid jerking or sudden movements that could lead to accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded before attaching the sling.
- Locate the attachment points on your firearm.
- Attach the hooks of the sling to the designated points securely.
- Adjust the length of the sling to ensure a comfortable fit while maintaining control of the firearm.

### 2. Usage:

- When using the sling, ensure that it is adjusted to your preferred length for optimal comfort and control.

- Use the sling as intended, primarily for supporting the weight of the firearm while aiming or carrying.
- Avoid using the sling for purposes other than its intended use, such as towing or lifting heavy objects.

## Disposal Instructions

- **Environmental Considerations:** Dispose of the sling in an environmentally responsible manner. Do not dispose of it in regular household waste if it is damaged or no longer usable.
- **Recycling:** If possible, recycle the leather and metal components of the sling. Check local recycling guidelines for proper disposal methods.
- **Contact Local Authorities:** For guidance on safe disposal methods, contact your local waste management authorities.

## Contact Information for Further Support

For any questions or concerns regarding the COMPETITOR PLUS™ RIFLE SLING TAN, please refer to the manufacturer's contact information provided with the product. It is important to seek assistance if you have any safety concerns or require further clarification on the use of this product.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your COMPETITOR PLUS™ RIFLE SLING TAN. Thank you for prioritizing safety!
