

COMPETITOR PLUS™ RIFLE SLING - BROWNELLS COMPETITOR PLUS SLING WITH NUMBERS, BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Premium Leather, Extra Heavy Hooks, Stitched Keepers, U.S. Made, 6" Longer - 54" Front Strap, Increases Usable Length, Available in Tan or Black

If you love fine leather, fine craftsmanship and a superbly functional, useful sling, our Competitor Plus is going to make you extremely happy! What you get is a no-compromise reproduction of the original 1907 Military Sling; the one that's become the standard among hi-power service rifle shooters and many knowledgeable hunters; the one that's sought after by collectors and restorers of pre-WWII military firearms and the one that's carried more guns, more miles on more shoulders than darn near any other. Ours has all the good stuff: 1) It's all U.S. made of the finest, oak-tanned, top grain, U.S. steer hide. 2) It's fitted with thick, forged, blued steel hooks. 3) Each hook is attached with three rivets. 4) The Keepers are stitched and fit TIGHT! Once we eliminated all the shortcomings of the current crop of '07 copies, we convinced a sling maker that folks who use their guns really do want better not cheaper. Once the maker believed, they gave us suggestions concerning the leather. Ooohh, the leather! It's absolutely wonderful. A full heavy-weight, 9-10 ounce leather, tanned correctly for sling use to give maximum flexibility, stability and toughness without stretching or being oily. The tanning makes the Competitor Plus Sling leather what it is. The process starts with a complete hide that's shaved just enough to make it even thickness throughout. Then it's painstakingly tanned using oak tannage, NOT chromic salts. (Chromic salts cause tarnish and corrosion on any metal the leather touches.) Finally, the smooth, burnished finish which shows off the natural grain of this high-grade leather. All this time and effort means Competitor Plus Slings can bend and twist for a tight grip with no splitting or cracking, even across the holes, with no more than the barest minimum of medium tanning oil being added during the process. Your careful adjustments and precise shooting position won't be fouled up by a rubbery sling. Each extra thick, blued steel hook is locked onto the leather with three hand-hammered, copper rivets. The extra steel keeps the hooks from bending under the extreme pressure created when you lock into position. And, the hooks fit their holes TIGHTLY...no slop to mess up a hard hold and no accidental unhookings. Even the keepers are designed as part of a working sling. Since they absolutely must fit and grab the straps tightly, ours are skived at a taper, overlapped and then glued and stitched with 5-cord waxed linen thread. They'll hold your adjustments! The end result is a sling that gives you so much more: more service for so much longer as a traditional field sling; more authenticity as a replacement for restorations; plus more, higher match scores by eliminating a concentration-breaking source of problems. You can spend your time glassing for game, doping the wind or paying attention to sight picture and trigger squeeze instead of fiddling with the sling. This level of exceptional quality is a little more expensive, but we honestly believe you'll agree it's more than worth it.

Attributes

COMPETITOR PLUS™ RIFLE SLING SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the COMPETITOR PLUS™ RIFLE SLING. This product is designed with your needs in mind, combining fine craftsmanship with high functionality. To ensure your safety and the optimal performance of the sling, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the sling is used for its intended purpose only—supporting firearms during use.
- Regularly inspect the sling for signs of wear, damage, or deterioration.
- Do not use the sling if any part is damaged or compromised.
- Keep the sling out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearm handling and usage.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the sling.
- When using the sling, maintain a firm grip on the firearm at all times.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction.
- Avoid using the sling in wet or slippery conditions to prevent accidents.
- Do not overload the sling beyond its design limits, as this may lead to failure.

Instructions for Installation and Usage

1. Installation of the Sling:

- Locate the attachment points on your firearm.
- Attach the blued steel hooks of the sling securely to the firearm's designated sling mounts.
- Ensure that the hooks fit tightly in their respective holes to prevent accidental detachment.

2. Adjusting the Sling:

- Adjust the length of the sling to fit your body size and shooting position.
- Ensure that the keepers are snug and securely hold the adjustments in place.
- Test the adjustments before use to ensure a proper fit.

3. Using the Sling:

- When in a shooting position, ensure that the sling is positioned comfortably across your shoulder.
- Use the sling to stabilize your aim, keeping the firearm steady during your shooting stance.
- After use, detach the sling from the firearm carefully, ensuring the firearm remains pointed in a safe direction.

Disposal Instructions

- Dispose of the sling in accordance with local regulations regarding leather and metal products.
- If the sling is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the sling in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any inquiries regarding the COMPETITOR PLUS™ RIFLE SLING, please refer to the contact information provided by your retailer or manufacturer. It is important to have access to support for questions related to safety, maintenance, or product issues.

By following these safety instructions, you can ensure a safe and enjoyable experience with your COMPETITOR PLUS™ RIFLE SLING. Thank you for your attention to safety, and happy shooting!
