

# 1911 COMMANDER RECOIL SPRING - ED BROWN 20LB. COMMANDER RECOIL SPRING

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

## Constant Rate Design For Improved Ejection & Dependable Cycling

Premium-quality replacement for old, tired factory recoil springs in the 1911 Commander improves function and reliability. Constant rate design along the entire length to help keep the slide closed longer when shooting heavy loads. Reduces wear from battering and shortens the distance spent casings are ejected. High tensile strength, round wire, spring steel ensures years of reliable service. 18 lb. is the correct, factory weight and an excellent choice for restoring your pistol to its original specs. 20 lb. Extra power spring holds the slide closed a little longer to help solve the problem of brass ejecting too far (more than 15 feet).

## Attributes

- Name: [ED BROWN 20LB. COMMANDER RECOIL SPRING](#)
- Manufacturer: [ED BROWN](#)
- Product no.: 087000046
- Mfr. No.: 920-C

# Safety Instruction Guide for 1911 Commander Recoil Spring ED Brown 20lb

## Introduction

Thank you for choosing the 1911 Commander Recoil Spring manufactured by ED Brown. This premium quality replacement recoil spring is designed to enhance the function and reliability of your 1911 Commander pistol. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always handle firearms and related components with care and responsibility.
- Ensure that you are familiar with the operation of your firearm before installation or use of the recoil spring.
- Keep the recoil spring and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the recoil spring for any signs of wear or damage.
- Follow all local laws and regulations regarding the use and ownership of firearms and firearm accessories.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only the recommended recoil spring weight (20 lbs) for your specific firearm model to prevent malfunctions.
- Do not exceed the manufacturer's specifications for ammunition type and load when using the recoil spring.
- Ensure that the firearm is unloaded and pointed in a safe direction before replacing the recoil spring.
- Avoid using heavy loads that may cause excessive wear on the recoil spring and other firearm components.
- Be aware that using a recoil spring with a higher poundage may affect the ejection pattern of spent casings.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is completely unloaded.
- Gather the necessary tools for disassembly, typically including a screwdriver and a punch.

### 2. Disassembly of the Firearm

- Follow the manufacturer's instructions to safely disassemble your 1911 Commander pistol.
- Remove the old recoil spring from the recoil spring guide.

### 3. Installation of the New Recoil Spring

- Take the new 20 lb recoil spring and place it onto the recoil spring guide.
- Ensure that the spring is properly seated and aligned.

### 4. Reassembly of the Firearm

- Carefully reassemble the firearm according to the manufacturer's instructions.
- Ensure that all components are securely in place before proceeding.

### 5. Testing the Firearm

- After reassembly, perform a function check to ensure that the firearm operates correctly.
- Test the firearm in a safe and controlled environment, adhering to all safety protocols.

## **Disposal Instructions**

- Dispose of the old recoil spring and any packaging materials responsibly.
- Follow local regulations for the disposal of metal components.
- Do not throw the recoil spring in regular trash; consider recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the 1911 Commander Recoil Spring, please consult your local firearm dealer or a qualified gunsmith.

By adhering to these guidelines, you can ensure the safe and effective use of the 1911 Commander Recoil Spring. Thank you for prioritizing safety in your firearm practices.
