# Safety Instruction Guide for S&W M&P Guide Rod Ed Brown

## Introduction

Thank you for choosing the S&W M&P Guide Rod by Ed Brown. This product is designed to enhance the performance of your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle firearms with care and assume they are loaded until verified otherwise.
- Use the guide rod only with compatible models: S&W M&P 1.0 & 2.0 with 4.25" or 5" barrels.
- Ensure that all components are clean and free from debris before installation.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Store the guide rod in a secure location, away from children and unauthorized users.
- Regularly inspect the guide rod for signs of wear or damage before use.

## Specific Safety Precautions for Use

- Do not exceed the recommended spring weights for your firearm.
- Use the guide rod with the appropriate recoil spring; the recoil spring is not included in this product.
- Avoid using the guide rod with any noncompatible models or modifications.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- If you experience any malfunction or unusual behavior during use, discontinue use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including the provided 1/16" hex wrench.

### 2. Installation:

- Remove the existing guide rod from your firearm by following the manufacturer's instructions.
- Take the Ed Brown guide rod and insert it into the recoil spring assembly.
- Utilize the double hole design to easily change springs if necessary. Ensure the spring is securely attached.
- Attach the stainless steel caps (one matte bead blast finish and one Black Nitride finish) to the guide rod.
- Confirm that all components are properly seated and secured.

### 3. Usage:

- Test the functionality of the guide rod by cycling the action of your firearm without ammunition.
- If everything operates smoothly, your firearm is ready for use.

### 4. Maintenance:

- Regularly clean and lubricate the guide rod as per the manufacturer's guidelines.

- Check for wear and tear after each use, and replace components as necessary.

## Disposal Instructions

- Dispose of the guide rod and any associated components in accordance with local regulations.
- Do not dispose of the guide rod in regular household waste. Contact local waste management services for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding the safety and use of the S&W M&P Guide Rod by Ed Brown, please refer to the official website or contact your local firearms dealer.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your S&W M&P Guide Rod. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these guidelines.
