

GRIP FRAME INSERT FOR GLOCK® - PEARCE GRIP GLOCK 20/21/40/41 GEN 4 GRIP FRAME INSERT

[Handgun Parts](#) > [Grip Parts](#) > [Grip Plugs](#)

Fills The Opening In Glock Frame For Smoother Reloading

Plastic plug installs in the bottom rear cavity of the frame to fill the opening found in Glock® pistols. Front “lip” forms a tight, flush bond with the mag well to help make sure the mag goes where it should, smoothly. Keeps dirt and debris from finding its way inside the pistol and gives a clean, smooth look. Uses the lanyard hole for retention to snap firmly into place. Glock® Plus Zero fits Models 17 through 25, 31, 32, 34, 35, 37, and 38. Gen 4 Grip Frame Inserts allow for use of the factory interchangeable backstraps. Gen 4 Full & Mid model fits Generation 4 Glock® models 17/18/19/22/23/24/25/31/32/34/35/37/38. Gen 4 Subcompact model fits Generation 4 Glock® models 26/27/33/39. Other inserts fit the Glock® models indicated in the price lines below. Does not add extra rounds.

Safety Instruction Guide for GRIP FRAME INSERT FOR GLOCK® PEARCE GRIP GLOCK 20/21/40/41 GEN 4 GRIP FRAME INSERT

Introduction

Thank you for choosing the GRIP FRAME INSERT FOR GLOCK® PEARCE GRIP. This product is designed to enhance the functionality and appearance of your Glock® pistol by filling the bottom rear cavity of the frame. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is compatible with your specific Glock® model before installation.
- Always handle your firearm responsibly and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility Check:** Verify that the GRIP FRAME INSERT fits your Glock® model (20, 21, 40, 41, and Gen 4 models).
- **Installation Safety:** Ensure that your firearm is unloaded before installation.
- **Retention:** The lanyard hole is used for retention; ensure it is securely snapped into place to prevent accidental removal.
- **Dirt and Debris:** Regularly clean the area around the insert to prevent dirt and debris buildup, which can affect functionality.

Instructions for Installation and Usage

1. Prepare Your Firearm:

- Ensure the firearm is completely unloaded.
- Remove the magazine and check the chamber to confirm it is clear.

2. Installation:

- Locate the bottom rear cavity of the frame on your Glock® pistol.
- Align the GRIP FRAME INSERT with the cavity.
- Firmly push the insert into the cavity until it snaps into place, ensuring a tight fit with the mag well.

3. PostInstallation Check:

- Confirm that the insert is flush with the frame and does not protrude.
- Ensure the lanyard hole is properly engaged for retention.

4. Usage:

- The insert does not increase magazine capacity; it is designed solely for fit and aesthetic purposes.
- Regularly check the insert for security and cleanliness.

Disposal Instructions

- Dispose of the GRIP FRAME INSERT responsibly. Follow local regulations for the disposal of plastic products.
- Do not incinerate the product as it may release harmful substances.

Contact Information for Further Support

For any inquiries regarding safety, installation, or compatibility, please refer to the appropriate support channels available through the manufacturer.

Thank you for your attention to these safety guidelines. Enjoy the enhanced performance and appearance of your Glock® pistol with the GRIP FRAME INSERT.
