

REMINGTON 700 LONG ACTION SCOPE RAILS - BADGER ORDNANCE

REMINGTON 700 LA SCOPE RAIL 30 MOA LEFT HAND

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Built-In Angle Supplements Your Scope's Elevation Adjustment

Badger Ordnance's Remington Long Action Scope Rail is a heavy-duty steel base with built-in forward angle bias so you can take those ultra-long-range shots without exceeding the elevation adjustment of your scope. The Badger Ordnance Remington Long Action Scope Rail has a MIL-STD 1913 Picatinny slot pattern for maximum compatibility with the many Picatinny tactical scope rings currently available. Bore height dimension is .31" The Badger Ordnance Remington Long Action Scope Rail has an integral recoil lug that ensures this base won't move, even when shooting the hardest-kicking cartridges.

Safety Instruction Guide for REMINGTON 700 LONG ACTION SCOPE RAILS

Introduction

Thank you for choosing the Badger Ordnance Remington 700 Long Action Scope Rails. This product is designed to enhance your shooting experience by providing a secure and stable platform for your scope. It is important to follow the safety guidelines and instructions outlined in this document to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate eye and ear protection while shooting.
- Keep the area clear of unauthorized persons, especially children, during use.
- Regularly inspect the scope rail for any signs of wear or damage.
- Do not exceed the elevation adjustment limits of your scope.
- Store the scope rail in a safe and dry location when not in use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- This scope rail is designed for use with longaction rifles only. Do not use it with shortaction rifles.
- Ensure the rail is securely mounted to the rifle before use.
- Avoid using excessive force when tightening screws to prevent damage to the rail or rifle.
- Do not modify the scope rail in any way, as this may compromise its integrity and safety.
- Always verify that the mounting hardware is compatible with your specific rifle model.
- Be aware of your surroundings and ensure that you have a safe backstop when shooting.

Instructions for Installation and Usage

1. **Gather Necessary Tools:** You will need a torque wrench, appropriate screwdrivers, and any other tools specified by the rifle manufacturer.
2. **Prepare the Rifle:** Ensure that the rifle is unloaded and pointed in a safe direction.
3. **Clean the Mounting Area:** Wipe down the rifle's receiver where the scope rail will be installed to remove any debris or oil.
4. **Position the Scope Rail:** Align the scope rail with the mounting holes on the rifle's receiver. Ensure that the integral recoil lug is properly seated.
5. **Install Mounting Screws:** Insert the screws provided with the scope rail into the mounting holes. Handtighten the screws to ensure proper alignment.
6. **Torque the Screws:** Using a torque wrench, tighten the screws to the manufacturer's recommended specifications. Avoid overtightening.
7. **Attach Your Scope:** Follow the scope manufacturer's instructions for mounting your scope onto the rail.
8. **Check Alignment:** Ensure that the scope is level and properly aligned with the rifle.
9. **Test the Installation:** Before taking the rifle to the range, perform a function check to ensure that the scope is securely mounted and that the rifle operates correctly.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged or is no longer usable, dispose of it in a responsible manner, ensuring that it does not pose a risk to the environment.

Contact Information for Further Support

For any questions or concerns regarding the Badger Ordnance Remington 700 Long Action Scope Rails, please refer to the manufacturer's website or contact their customer support. It is essential to have an EUbased contact for safety inquiries, which is compliant with the EU General Product Safety Regulation.

Remember to regularly check for updates on product safety and recalls through the EU's Safety Gate platform. Your safety is our priority. Thank you for your attention to these important guidelines.
