

## 5.0 TACTICAL TRIGGER CONNECTOR

[Handgun Parts](#) > [Trigger Group Parts](#) > [Connector Parts](#)

Stainless steel connector reduces the length of trigger pull, improves reset, and eliminates accuracy-robbing overtravel. 5.0 Tactical reduce trigger-pull weight to 5 pounds respectively; both have an extra tab that contacts the trigger bar and prevents overtravel after the striker falls. Each connector requires minor fitting.

### Attributes

# 5.0 Tactical Trigger Connector Safety Instruction Guide

## Introduction

Thank you for choosing the 5.0 Tactical Trigger Connector. This product is designed to enhance the performance of your firearm by reducing the length of trigger pull, improving reset, and eliminating overtravel that can affect accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the connector.

## General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store your firearm and ammunition securely, out of reach of children and unauthorized users.
- Regularly inspect your firearm and accessories for wear or damage.
- Follow all local laws and regulations regarding firearm use and modifications.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- The 5.0 Tactical Trigger Connector is designed for use with Glock firearms. It is not compatible with Glock models 42 or 43.
- Only use the connector as intended. Do not modify the connector or use it with firearms other than those specified.
- Ensure that the connector is installed correctly to avoid malfunction.
- If you are not familiar with firearm modifications, seek assistance from a qualified gunsmith.
- Always wear appropriate eye and ear protection when handling firearms.

## Instructions for Installation and Usage

### Installation Instructions

1. **Safety First:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove the Slide:** Follow the manufacturer's instructions to safely remove the slide from your Glock.
3. **Remove the Old Connector:** Locate the existing trigger connector and carefully remove it.
4. **Install the 5.0 Tactical Trigger Connector:**
  - Align the new connector with the trigger bar.
  - Ensure that the connector is seated properly.
5. **Check for Fit:** Minor fitting may be required. Ensure that the connector does not impede the function of the trigger.
6. **Reassemble the Firearm:** Follow the manufacturer's instructions to reassemble the slide.
7. **Function Test:** Perform a function test to ensure that the trigger operates correctly before using the firearm.

### Usage Instructions

- After installation, familiarize yourself with the new trigger pull characteristics.
- Practice safe handling and shooting techniques at a controlled range.
- Monitor the performance of the trigger connector during use. If you notice any malfunctions, discontinue use immediately and consult a qualified professional.

## Disposal Instructions

- Dispose of any old or unused firearm parts in accordance with local regulations.
- Do not discard firearm parts in regular household waste.
- Contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the 5.0 Tactical Trigger Connector, please consult the manufacturer or a qualified gunsmith. Always ensure that you are following the latest safety guidelines and regulations.

Thank you for prioritizing safety while using the 5.0 Tactical Trigger Connector.
