Safety Instruction Guide for 1911 Slide Stop Plunger

Introduction

Thank you for choosing the 1911 Slide Stop Plunger. This product is designed for use with 1911 models including Government, Commander, and Officers. It is manufactured in the U.S. and is made from highquality carbon steel. This guide provides essential safety information and instructions for the proper use and maintenance of your Slide Stop Plunger.

General Safety Guidelines

- Ensure that all safety precautions are followed during installation and use.
- Only use this product with compatible 1911 models.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the plunger for any signs of wear or damage.
- If you notice any defects or issues, discontinue use immediately and contact the manufacturer.
- Follow all local laws and regulations regarding firearm modifications and maintenance.

Specific Safety Precautions for Use

- Always handle firearms safely and responsibly.
- Ensure the firearm is unloaded before installing or replacing any parts.
- Use appropriate tools and equipment when installing the Slide Stop Plunger.
- Do not attempt to modify the Slide Stop Plunger in any way.
- Wear safety glasses when working on firearms to protect your eyes from debris.
- Avoid using the product in wet or damp conditions to prevent corrosion.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a punch tool and a hammer.
- Ensure you are in a safe and clean working environment.

2. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the old Slide Stop Plunger by using the punch tool to gently tap it out.
- Insert the new Slide Stop Plunger into the designated hole, ensuring it is aligned properly.
- Use the punch tool to secure the plunger in place. Be careful not to apply excessive force, which may damage the part.
- Check that the plunger moves freely and is securely in place.

3. Usage:

- Once installed, test the Slide Stop Plunger by operating the firearm in a safe and controlled environment.
- Ensure that it functions as intended and does not hinder the operation of the firearm.
- Regularly check the plunger's operation during routine firearm maintenance.

Disposal Instructions

- Dispose of any old or damaged parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, check for local recycling or hazardous waste disposal options.
- Ensure that all parts are completely nonfunctional before disposal to prevent misuse.

Contact Information for Further Support

For any inquiries or concerns regarding the 1911 Slide Stop Plunger, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Conclusion

By following these safety guidelines and instructions, you can ensure the safe and effective use of your 1911 Slide Stop Plunger. Always prioritize safety and compliance with local laws when handling firearms. Thank you for your attention to these important guidelines.
