## Reduces Friction, Stops Mag Catch Failures

Solid, one-piece design features four milled flats to reduce weight and friction for smooth operation and long service life; helps eliminate magazine catch failures. Guide body is turned to .344" diameter from 8020 tool steel. Integral, CNC-machined magazine catch means no more broken welds or bent stampings halfway through your range work. Heat-treated in a vacuum furnace to maintain straightness.

## Attributes

# M14/M1A Operating Rod Spring Guide Safety Instructions

## Introduction

Thank you for choosing the M14/M1A Operating Rod Spring Guide. This product is designed for optimal performance and safety. Please read this safety instruction guide carefully to ensure safe use and maintenance of the product.

## General Safety Guidelines

- Always follow the manufacturer's instructions for installation and use.
- Inspect the product regularly for any signs of wear or damage.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or handling the spring guide.
- Use protective eyewear when handling the product to prevent injury from potential debris.
- Do not modify the product in any way, as this may compromise safety and performance.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm.
- Follow all local laws and regulations regarding firearm usage and maintenance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather necessary tools for installation, such as a screwdriver and a cleaning cloth.

### 2. Installation:

- Remove the existing spring guide from the firearm by following the manufacturer's instructions.
- Clean the area where the new spring guide will be installed to ensure a secure fit.
- Insert the M14/M1A Operating Rod Spring Guide into the designated area.
- Ensure that the guide is properly seated and secure.
- Reassemble any components that were removed during the installation process.

### 3. Usage:

- After installation, perform a function check to ensure that the spring guide is operating correctly.
- Use the firearm in accordance with the manufacturer's guidelines and safety practices.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous waste.
- Do not throw the product in regular trash; instead, use designated disposal facilities when available.
- Ensure that any components that may pose a hazard are disposed of safely.

## **Contact Information for Further Support**
