

# MA ADJUSTABLE GAS SYSTEM - SCHUSTER M1 ADJUSTABLE GAS SYSTEM

[Home](#)

## Saves Wear On Bolt Lugs & Softens Blow On Op Rod

Vented steel design changes cycle time by letting you adjust the gas volume in the cylinder. Quick adjustment of vent size with integral set-screw; eliminates changing screws for different vent sizes. Reduces battering on op rod, bolt lugs, receiver and trigger group. Available for M1 Garand and M1A.

# MA Adjustable Gas System Safety Instructions

## Introduction

Thank you for choosing the MA Adjustable Gas System by Schuster for your M1 Garand or M1A rifle. This product is designed to enhance your shooting experience by allowing you to adjust the gas volume in the cylinder, thus changing the cycle time. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines when using the MA Adjustable Gas System.
- Ensure that the rifle is unloaded before installation or adjustment of the gas system.
- Use the product only as intended and in accordance with the specifications provided.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the gas system for wear and tear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper adjustment of the gas system may lead to malfunction or damage to the rifle.
  - Use of the product with incompatible firearms may pose safety risks.
- **Avoiding Hazards:**
  - Always ensure the rifle is pointed in a safe direction when making adjustments.
  - Do not attempt to adjust the gas system while the rifle is loaded or in use.
  - Use the provided adjustment tool to prevent damage to the gas system.
- **Audience Specific Warnings:**
  - This product is intended for use by individuals who are knowledgeable about firearms and their operation.
  - Ensure that only individuals aged 18 and older handle and adjust the gas system.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the rifle is unloaded.
- Remove the existing gas nut from the rifle.
- Install the MA Adjustable Gas System in place of the gas nut.
- Use the integral setscrew to secure the gas system in position.
- Ensure that all components are tightened according to the manufacturer's specifications.

### 2. Adjustment:

- Use the provided adjustment tool to modify the vent size.
- Turn the setscrew to increase or decrease the gas volume as needed.
- Test the adjustment by firing the rifle in a safe environment.
- Make further adjustments if necessary, following the same procedure.

### 3. Maintenance:

- Regularly check the gas system for any signs of wear or damage.
- Clean the gas system as needed to ensure optimal performance.
- Replace any damaged components immediately to maintain safety.

## **Disposal Instructions**

- Dispose of the MA Adjustable Gas System in accordance with local regulations for firearm accessories.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the MA Adjustable Gas System, please refer to the manufacturer's website or contact customer support. Ensure that you have your product details ready for reference.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the MA Adjustable Gas System!
