

# EXTENDED SLIDE LOCK LEVER for GLOCK® - EXTENDED SLIDE LOCK LEVER FOR GLOCK

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

## Easier Slide Removal For Quicker Field Stripping

If you've ever tried to field strip your Glock® with even slightly oily or sweaty fingers, you'll appreciate the benefit of this extended slide lock lever. Drop-in replacement is 3mm longer than the factory original part to provide a firmer grasp, so you can remove the slide quickly without fumbling with the lever. No gunsmithing required; easy to install, no permanent alterations to the gun. Gun will still fit all standard holsters.

# Safety Instruction Guide for EXTENDED SLIDE LOCK LEVER for GLOCK®

## Introduction

Thank you for choosing the EXTENDED SLIDE LOCK LEVER for GLOCK®. This product is designed to enhance your experience when field stripping your Glock® handgun. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your Glock® handgun before installing or using this product.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep firearms out of reach of children and unauthorized users.
- Regularly inspect your firearm and accessories for signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the EXTENDED SLIDE LOCK LEVER with compatible Glock® models. It fits all models except 36, 42, and 43.
- Ensure your hands are clean and dry before handling the slide lock lever to prevent slipping during installation.
- Do not force the extended slide lock lever into the firearm; it should fit smoothly without excessive pressure.
- Always ensure your firearm is unloaded before attempting to install or remove the slide lock lever.
- If you experience difficulty during installation, consult a qualified gunsmith for assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your Glock® handgun is unloaded.
- Remove the magazine and visually inspect the chamber to confirm it is empty.

### 2. Removing the Factory Slide Lock Lever:

- Locate the factory slide lock lever on your Glock®.
- Use a suitable tool, such as a punch, to gently push out the retaining pin that holds the factory slide lock lever in place.
- Carefully remove the factory slide lock lever from the firearm.

### 3. Installing the EXTENDED SLIDE LOCK LEVER:

- Take the EXTENDED SLIDE LOCK LEVER and align it with the slot where the factory lever was removed.
- Gently push the lever into place until it is fully seated.
- Reinsert the retaining pin to secure the lever in place.

### 4. Testing the Installation:

- Ensure the lever moves freely and engages properly when you attempt to remove the slide.
- Perform a function check to confirm that the slide lock lever operates as intended.

#### **5. Usage:**

- When field stripping your Glock®, use the EXTENDED SLIDE LOCK LEVER to facilitate the removal of the slide.
- Ensure a firm grip on the lever to avoid slipping.

## **Disposal Instructions**

- Dispose of the packaging and any unused parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs for metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the EXTENDED SLIDE LOCK LEVER for GLOCK®, please consult your local dealer or refer to the manufacturer's website for support.

Please ensure that you follow all safety guidelines and instructions to ensure your safety and the proper functioning of your firearm. Thank you for prioritizing safety in your firearm usage.
