

# RECEIVER MOUNT SHOTSHELL HOLDER - MESA TACTICAL PRODUCTS PR 8-ROUND SHOTSHELL HOLDER FITS BENELLI M4/M1014

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Shotgun Shell Holders](#)

## Puts Extra Shotshells Right Where You Need Them For Fast Loading

Rugged and lightweight, aluminum shell holders put extra 12 gauge shotshells on the left side of the receiver for fast tactical reloads. Shells are held in place with a unique, internal Santoprene™ elastomer rib that securely retains even heavy slug shells during vigorous movement or heavy recoil. Available in sidemount (SM) or Picatinny rail (PR) configurations. All necessary installation hardware, tools, and instructions included. Remington Sidemount is available in 4-, 6-, and 8-round capacities and uses steel-on-steel, threaded adapters that replace the trigger group pins to anchor the shell holder securely to the receiver. Remington 870 shotguns require a shortened, tactical-style forend to accommodate 6- and 8-round sidemount units. Remington 1100/11-87 require minor forend alterations to fit the 8-round model. Remington Picatinny is a 6-round model that features an integral Picatinny rail for mounting sights, optics, or other accessories. Wraps around the top and mounts to both sides of the receiver using the same type of attaching system as the sidemount model. Fits Remington 1100/11-87 without modification; requires use of shorter than factory length forearm when used with Remington 870. Mossberg Sidemount is a 6-round unit that attaches in the same manner as the Remington Sidemount. Fits Mossberg 500/590. Mossberg 500 Sureshell Carrier attaches to top mount. Benelli Picatinny models include an integral Picatinny rail and mount to the top of factory drilled/tapped receivers. Available in 6-round for Benelli M1/M2 (requires drilling/tapping receiver for M1), 6- and 8-round for M4/M1014, and 4-round for Supernova shotguns. Mossberg 930 sidemount attaches to the left side of the receiver. Mossberg Picatinny is a 6-round model that features a top Picatinny rail and attaches the same as the Sidemount model. Versamax is a 6-round model that features a top Picatinny rail and attaches to the receiver.

# Safety Instruction Guide for RECEIVER MOUNT SHOTSHELL HOLDER MESA TACTICAL PRODUCTS PR 8ROUND SHOTSHELL HOLDER

## Introduction

Thank you for choosing the RECEIVER MOUNT SHOTSHELL HOLDER from MESA TACTICAL PRODUCTS. This product is designed to enhance your shotgun's capacity for tactical reloads while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use, install, and maintain your shotshell holder safely.

## General Safety Guidelines

- Ensure that the product is suitable for your specific shotgun model before use.
- Always handle firearms with care and follow all safety protocols associated with firearm usage.
- Store the shotshell holder in a secure location when not in use to prevent unauthorized access.
- Regularly inspect the shotshell holder for any signs of wear or damage. Replace if necessary.
- Keep the product away from children and vulnerable individuals to avoid accidents.

## Specific Safety Precautions for Use

- Only use the shotshell holder with 12 gauge shotshells as specified.
- Ensure that the holder is securely mounted to the shotgun before use. Loose attachments can lead to malfunctions.
- Be aware of your surroundings and ensure that the area is safe before performing any tactical reloads.
- Avoid vigorous movement while using the shotgun to prevent dislodging the shotshells from the holder.
- If using with Remington shotguns, ensure that the forend is appropriately modified to accommodate the shotshell holder.
- Do not exceed the specified capacity of the shotshell holder.

## Instructions for Installation and Usage

### Installation Instructions

1. **Gather Tools and Hardware:** Ensure you have all necessary installation hardware, tools, and instructions included with the product.
2. **Select Mounting Configuration:** Choose between sidemount (SM) or Picatinny rail (PR) configurations based on your shotgun model.
3. **Prepare the Shotgun:** Ensure the shotgun is unloaded and safe to work on.
4. **Attach the Holder:**
  - For Sidemount:
    - Replace the trigger group pins with the provided steelonsteel, threaded adapters.
    - Securely anchor the shell holder to the left side of the receiver.
  - For Picatinny Rail:
    - Align the holder with the Picatinny rail and attach using the provided hardware.
5. **Check Stability:** Ensure the holder is firmly attached and does not move when pulled.

### Usage Instructions

- Load the shotshells into the holder by placing them into the elastomer ribbed slots.
- Ensure that the shotshells are seated securely and are not at risk of falling out during movement.
- When performing a tactical reload, maintain a firm grip on the shotgun and retrieve the shotshells from the holder with a steady motion.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding aluminum and plastic waste.
- Do not dispose of the product in regular household waste; consider recycling options where available.

## **Contact Information for Further Support**

For safety inquiries or assistance with your RECEIVER MOUNT SHOTSHELL HOLDER, please reach out to the designated EU contact point provided with your product packaging.

## **Important Note**

- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

By following these guidelines, you can ensure safe and effective use of your RECEIVER MOUNT SHOTSHELL HOLDER. Thank you for prioritizing safety while enjoying your shooting experience.
