

ARMORER TOOL - 10-8 PERFORMANCE ARMORER TOOL, FLAT DARK EARTH

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Takedown Tools](#)

Sturdy Non-Marring Tool Has Dozens Of Uses

Handy tool of extremely tough, non-marring glass-reinforced nylon is perfect for prying and pushing applications where a metal tool can damage the part or gun finish. Rigid chisel point on one end is useful for depressing springs and spring-loaded parts—even use to thread MOLLE straps through webbing—while the semi-flexible flat blade on the other end can get into tight spots or serve as a temporary shim. Great to have around during disassembly of semi-auto pistols like the 1911, Glock, or Smith & Wesson M&P or when working on service rifles like the AR-15/M16. Multiple ridges molded into the grasping area in the middle of the tool help prevent slippage when working with oily or greasy hands. Available in Black or Flat Dark Earth.

Attributes

- Name: [10-8 PERFORMANCE ARMORER TOOL, FLAT DARK EARTH](#)
- Manufacturer: [10-8 PERFORMANCE](#)
- Product no.: 100003709
- Mfr. No.: TOOL-FDE

ARMORER TOOL 108 PERFORMANCE ARMORER TOOL Safety Instructions

Introduction

Thank you for choosing the ARMORER TOOL 108 PERFORMANCE ARMORER TOOL. This tool is designed for safe and effective use in various applications, particularly in the maintenance of firearms. Please read this safety instruction guide carefully to ensure proper handling and usage of the tool.

General Safety Guidelines

- Always use the tool as intended. Misuse can lead to injury or damage to the firearm.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use to ensure it is in good condition. Do not use if damaged.
- Store the tool in a safe, dry place when not in use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- When using the rigid chisel point, apply gentle pressure to avoid slipping and causing injury.
- Be cautious when using the flat blade in tight spaces to prevent pinching or cutting yourself.
- Avoid using the tool on hot surfaces or near open flames.
- If you are working with oily or greasy parts, ensure your hands are clean and dry to maintain a firm grip on the tool.
- Do not use the tool to pry or force components that are stuck. Apply appropriate lubricant or seek professional assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and welllit.
- Gather all necessary tools and materials before starting your work.

2. Using the Rigid Chisel Point:

- Position the chisel point on the spring or part you wish to depress.
- Apply steady pressure until the spring is compressed or the part is in the desired position.
- Use caution to avoid slipping.

3. Using the Flat Blade:

- Insert the flat blade into tight spaces or gaps as needed.
- Use the blade to gently push or slide components without damaging them.
- If using the flat blade as a shim, ensure it is stable before applying additional pressure.

4. Threading MOLLE Straps:

- Use the flat blade to assist in threading MOLLE straps through webbing.
- Ensure the strap is aligned correctly to avoid damaging the webbing or strap.

5. PostUse:

- Clean the tool after use with a dry cloth to remove any residue.

- Store the tool in its designated location to prevent loss or damage.

Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- If the tool is damaged beyond repair, consider recycling it if facilities are available in your area.
- Do not dispose of the tool in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the ARMORER TOOL 108 PERFORMANCE ARMORER TOOL, please refer to the contact information provided with the product packaging or visit the manufacturer's website for assistance.

Thank you for following these safety instructions. Your attention to safety ensures a better experience with your ARMORER TOOL.
