

RECEIVER MOUNT SHOTSHELL HOLDER - PR 6-ROUND SHOTSHELL HOLDER FITS **BENELLI M1/M2

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Shotgun Shell Holders](#)

Puts Extra Shotshells Right Where You Need Them For Fast Loading

Rugged and lightweight, aluminum shell holders put extra 12 gauge shotshells on the left side of the receiver for fast tactical reloads. Shells are held in place with a unique, internal Santoprene™ elastomer rib that securely retains even heavy slug shells during vigorous movement or heavy recoil. Available in sidemount (SM) or Picatinny rail (PR) configurations. All necessary installation hardware, tools, and instructions included. Remington Sidemount is available in 4-, 6-, and 8-round capacities and uses steel-on-steel, threaded adapters that replace the trigger group pins to anchor the shell holder securely to the receiver. Remington 870 shotguns require a shortened, tactical-style forend to accommodate 6- and 8-round sidemount units. Remington 1100/11-87 require minor forend alterations to fit the 8-round model. Remington Picatinny is a 6-round model that features an integral Picatinny rail for mounting sights, optics, or other accessories. Wraps around the top and mounts to both sides of the receiver using the same type of attaching system as the sidemount model. Fits Remington 1100/11-87 without modification; requires use of shorter than factory length forearm when used with Remington 870. Mossberg Sidemount is a 6-round unit that attaches in the same manner as the Remington Sidemount. Fits Mossberg 500/590. Mossberg 500 Sureshell Carrier attaches to top mount. Benelli Picatinny models include an integral Picatinny rail and mount to the top of factory drilled/tapped receivers. Available in 6-round for Benelli M1/M2 (requires drilling/tapping receiver for M1), 6- and 8-round for M4/M1014, and 4-round for Supernova shotguns. Mossberg 930 sidemount attaches to the left side of the receiver. Mossberg Picatinny is a 6-round model that features a top Picatinny rail and attaches the same as the Sidemount model. Versamax is a 6-round model that features a top Picatinny rail and attaches to the receiver.

Safety Instruction Guide for RECEIVER MOUNT SHOTSHELL HOLDER PR 6ROUND SHOTSHELL HOLDER FITS BENELLI M1/M2

Introduction

Thank you for choosing the RECEIVER MOUNT SHOTSHELL HOLDER PR 6ROUND SHOTSHELL HOLDER designed for use with Benelli M1/M2 shotguns. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is compatible with your specific shotgun model before installation.
- Always handle firearms and ammunition with care, following all safety protocols and guidelines.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage. If damaged, discontinue use immediately.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- In case of an emergency or unsafe product usage, report the incident to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the shotgun is unloaded before attaching or detaching the shotshell holder.
- Avoid using the shotshell holder while the shotgun is in a moving vehicle or during vigorous activities that may cause the shells to dislodge.
- Do not exceed the recommended capacity of the shotshell holder (6 rounds).
- Use only 12 gauge shotshells with this product to prevent malfunctions or accidents.
- Be aware of the potential for recoil when firing the shotgun, which may affect the stability of the shotshell holder.
- If using with a Remington 870 shotgun, ensure to use a shorter tactical style forend to accommodate the shotshell holder.

Instructions for Installation and Usage

Installation

1. Preparation:

- Gather all necessary tools and installation hardware included with the product.
- Ensure that the shotgun is unloaded and in a safe condition.

2. Mounting the Shotshell Holder:

- For Remington Sidemount models, replace the trigger group pins with the provided steel on steel, threaded adapters.
- For Picatinny rail models, align the shotshell holder with the Picatinny rail on the top of the receiver.
- Secure the holder using the provided hardware, ensuring a tight fit without overtightening.

3. Final Check:

- Once installed, check that the holder is securely attached and that the shells are held firmly in place.

- Perform a visual inspection to ensure there are no obstructions or loose parts.

Usage

- Load the shotshells into the holder, ensuring they are oriented correctly for quick access.
- Practice reloading with the holder to familiarize yourself with its operation before using it in a live situation.
- Regularly check the holder during use to ensure that the shells remain secure.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding aluminum and other materials.
- If the product is damaged beyond repair, ensure that it cannot be reused or accessed by unauthorized individuals.

Contact Information for Further Support

For any questions or concerns regarding the RECEIVER MOUNT SHOTSHELL HOLDER PR 6ROUND SHOTSHELL HOLDER, please refer to the manufacturer's contact details provided with your product packaging or visit their official website for additional support and information.

Thank you for your attention to these safety guidelines. Your safety and the safety of others is paramount when handling firearms and related accessories. Enjoy your shooting experience responsibly.
