

AR-15/M16 SLING ADAPTER END PLATE - AMBIDEXTROUS SLING ADAPTER PLATE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Increases Sling-Attachment Versatility On Collapsible-Stock Rifles & Carbines

Machined steel replacement for the factory receiver plate gives an AR fitted with an M4-type collapsible buttstock a convenient, low-profile attachment point for clip-on, single-point slings. Precision machined from 1018 carbon steel for superior strength and an exact fit, with a durable manganese phosphate Parkerized finish that resists surface abrasion and corrosion, and matches the finish on mil-spec anodized receivers. Available in single-loop Right-Hand (RH) as well as a convenient, versatile Ambidextrous configuration that lets you swap the sling from one side of the receiver to the other. An adapter that is designated as a right hand (RH) adapter is for right handed shooters and will be mounted on the left side of the gun. Photos are of viewing the sling adapter from the rear.

AR15/M16 Sling Adapter End Plate Safety Instructions

Introduction

Thank you for choosing the AR15/M16 Sling Adapter End Plate. This product is designed to provide a secure and convenient attachment point for singlepoint slings on your firearm. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded, even when it is not.
- Familiarize yourself with the operation of your firearm and the sling adapter.
- Ensure that the sling adapter is compatible with your firearm model before installation.
- Keep the sling adapter and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the sling adapter for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- Do not use the sling adapter if it is damaged or shows signs of excessive wear.
- Ensure that the adapter is securely attached to the firearm before use.
- Avoid placing any part of your body in the path of the sling when it is under tension.
- Use the sling adapter only for its intended purpose as a sling attachment point.
- Be cautious when transitioning the sling from one side of the firearm to the other to prevent accidental discharge.

Instructions for Installation and Usage

Installation

1. **Gather Tools:** Ensure you have the necessary tools, including a screwdriver or wrench, to install the sling adapter.
2. **Unload Firearm:** Ensure that your firearm is completely unloaded before beginning the installation process.
3. **Remove Factory Plate:** Carefully remove the factory receiver plate from the firearm.
4. **Install Sling Adapter:**
 - Align the sling adapter with the mounting points on the firearm.
 - Secure the adapter using the appropriate screws or fasteners, ensuring a tight fit.
5. **Check Stability:** Once installed, gently tug on the adapter to ensure it is securely fastened.

Usage

1. **Attach Sling:** Attach your singlepoint sling to the designated loop on the adapter.
2. **Adjust Sling Length:** Adjust the sling to your desired length for optimal comfort and functionality.
3. **Test Functionality:** Before use, test the sling to ensure it operates smoothly and securely.

Disposal Instructions

- Dispose of the sling adapter in accordance with local regulations regarding metal and firearm accessory disposal.
- Do not dispose of the sling adapter in regular household waste.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the AR15/M16 Sling Adapter End Plate, please consult the manufacturer's website or customer service resources for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your AR15/M16 Sling Adapter End Plate. Always prioritize safety and responsible firearm handling.
